

HSPT Practice Exam — Exam 3 — Part A

Filename: hspt_full_exam_03parta.txt

Exam Family: HSPT

Exam Number: 3

Exam Part: A

Question Count: 75

QUESTIONS

SECTION 1 - VERBAL SKILLS

HSPT-V3-001

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Synonyms

Stimulus ID: None

Prompt: Which word is closest in meaning to courteous?

- A) polite
- B) careless
- C) silent
- D) fragile

HSPT-V3-002

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Synonyms

Stimulus ID: None

Prompt: Which word is closest in meaning to immense?

- A) crowded
- B) vast
- C) valuable
- D) hidden

HSPT-V3-003

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Synonyms

Stimulus ID: None

Prompt: Which word is closest in meaning to perceive?

- A) question
- B) repeat
- C) notice
- D) arrange

HSPT-V3-004

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Antonyms

Stimulus ID: None

Prompt: Which word is most nearly opposite in meaning to broad?

- A) transparent
- B) heavy
- C) polished
- D) narrow

HSPT-V3-005

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Antonyms

Stimulus ID: None

Prompt: Which word is most nearly opposite in meaning to inferior?

- A) superior
- B) improved
- C) measured
- D) divided

HSPT-V3-006

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Antonyms

Stimulus ID: None

Prompt: Which word is most nearly opposite in meaning to innocent?

- A) careful
- B) guilty
- C) quiet
- D) ordinary

HSPT-V3-007

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Analogies

Stimulus ID: None

Prompt: Rudder is to direction as thermostat is to ____.

- A) building
- B) electricity
- C) temperature
- D) clock

HSPT-V3-008

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Analogies

Stimulus ID: None

Prompt: Gills are to fish as lungs are to ____.

- A) water
- B) fin
- C) oxygen
- D) mammal

HSPT-V3-009

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Analogies

Stimulus ID: None

Prompt: Sapling is to tree as foal is to ____.

- A) horse
- B) stable
- C) herd
- D) hay

HSPT-V3-010

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Classification

Stimulus ID: None

Prompt: Which instrument belongs to a different measurement group?

- A) ruler
- B) thermometer
- C) yardstick
- D) tape measure

HSPT-V3-011

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Classification

Stimulus ID: None

Prompt: Which word belongs with whisper, murmur, and mutter?

- A) stare
- B) stride
- C) mumble
- D) signal

HSPT-V3-012

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Classification

Stimulus ID: None

Prompt: Which pair has the same relationship as chapter and book?

- A) ink and pen
- B) author and story
- C) shelf and library
- D) scene and play

HSPT-V3-013

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Logical Reasoning

Stimulus ID: None

Prompt: Every banner in the hall is blue or gold. No gold banner has stripes. Banner K has stripes. What must be true?

- A) Banner K is blue.
- B) Banner K is gold.
- C) Every blue banner has stripes.
- D) Only Banner K is blue.

HSPT-V3-014

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Logical Reasoning

Stimulus ID: None

Prompt: Five talks—J, K, L, M, and N—are scheduled once each. L is immediately before M. J is first. N is last. K is before L. Which talk is third?

- A) K
- B) L
- C) M
- D) N

HSPT-V3-015

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Logical Reasoning

Stimulus ID: None

Prompt: If the garden gate is open, the path light is on. The path light is off. What follows?

- A) The bulb is broken.
- B) The garden is empty.
- C) The garden gate is not open.
- D) The gate was never used.

SECTION 2 - QUANTITATIVE SKILLS

HSPT-Q3-001

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt: What number comes next? 6, 11, 19, 30, 44, ____

A) 61

B) 58

C) 60

D) 63

HSPT-Q3-002

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt: What number comes next? 160, 80, 20, 10, 2.5, ____

A) 0.5

B) 1.25

C) 1

D) 5

HSPT-Q3-003

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt: What number comes next? 2, 6, 5, 15, 14, 42, ____

A) 40

B) 43

C) 41

D) 126

HSPT-Q3-004

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt: What number comes next? 3, 4, 7, 11, 18, 29, ____

A) 40

B) 45

- C) 58
- D) 47

HSPT-Q3-005

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt: A number is increased by 25% and becomes 90. What was the original number?

- A) 72
- B) 67.5
- C) 75
- D) 112.5

HSPT-Q3-006

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt: Which number is divisible by 6 but not by 9?

- A) 108
- B) 132
- C) 144
- D) 162

HSPT-Q3-007

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt: If $\frac{3}{4}$ of a number is 27, what is $\frac{2}{3}$ of the number?

- A) 18
- B) 24
- C) 30
- D) 36

HSPT-Q3-008

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: Quantity A: 35% of 80. Quantity B: $\frac{7}{20}$ of 80.

- A) Quantity A is greater.
- B) Quantity B is greater.

- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-009

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: x is a positive number less than 1. Quantity A: x . Quantity B: x^2 .

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-010

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: $a + b = 10$. Quantity A: $a - b$. Quantity B: 0.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-011

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: A rectangle measures 9 by 4. A square has side 6. Quantity A: area of the rectangle.
Quantity B: area of the square.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-012

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: A triangle has sides 5, 5, and 8. Quantity A: its perimeter. Quantity B: 19.

- A) Quantity A is greater.

- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-013

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: Two angles are supplementary. One angle measures x° . Quantity A: x . Quantity B: 90.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

SECTION 3 - READING COMPREHENSION

STIMULUS START

Stimulus ID: HSPT-R3-S01

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: The Unmarked Trail

Text:

Mara had walked the cedar trail many times with her grandfather, but never before had she led the way. At the fork beyond the creek, the painted trail marker was missing. One path climbed sharply; the other curved into ferns. Her cousin Eli pointed uphill, certain that height meant progress.

Mara studied the ground. The afternoon rain had softened the soil, revealing several boot prints on the fern-lined path. Yet the prints might belong to hikers going elsewhere. She remembered her grandfather mentioning a boulder shaped like a sleeping bear near the correct turn. Through the trees beside the lower path, she spotted a rounded gray ridge.

They followed it and soon reached the familiar boulder. Eli laughed and admitted that his confident guess would have added an hour to their walk. Mara felt relief, but also something steadier: she had not merely remembered a direction. She had gathered two clues and decided which one mattered most.

At the next junction, an intact blue marker pointed home. Mara touched it as they passed, then turned to memorize the nearby trees. Markers were useful, she realized, but attention was a guide she could carry anywhere.

STIMULUS END

HSPT-R3-001

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S01

Prompt: What clue first makes Mara consider the fern-lined path?

- A) Boot prints in the softened soil
- B) A blue trail marker
- C) Eli's memory of the route
- D) The sound of the creek

HSPT-R3-002

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R3-S01

Prompt: Why is the boulder a stronger clue than the boot prints?

- A) It was newer than the footprints.
- B) Her grandfather had connected it specifically with the correct turn.
- C) Eli had drawn it on a map.
- D) It stood at the highest point.

HSPT-R3-003

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R3-S01

Prompt: As used in paragraph 3, steady most nearly means ____.

- A) physically balanced
- B) slow in speed
- C) lasting and calm
- D) unchanging in volume

HSPT-R3-004

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R3-S01

Prompt: The missing marker mainly serves to ____.

- A) explain why the trail was recently built
- B) show that Eli dislikes hiking
- C) prove that all signs are unreliable
- D) create a problem that reveals Mara's growing judgment

HSPT-R3-005

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R3-S01

Prompt: Which statement best expresses the story's central idea?

- A) Careful observation can build confidence and guide sound decisions.
- B) Familiar trails should never be changed.
- C) Hiking alone is better than hiking with family.
- D) The shortest route is always the safest.

STIMULUS START

Stimulus ID: HSPT-R3-S02

Section: Reading Comprehension

Stimulus Type: Informational Passage

Title: Cooling a City Block

Text:

On sunny days, dark roofs and pavement absorb energy and release it as heat. In neighborhoods with few trees, this process can make outdoor temperatures noticeably higher than in nearby areas with more vegetation. City planners use several strategies to reduce this local warming.

One strategy is to install reflective roofs. Their light-colored or specially coated surfaces send more sunlight away instead of absorbing it. Another approach adds plants to rooftops. These green roofs provide shade, and water evaporating from their soil and leaves helps cool the surrounding air. Street trees can offer similar benefits while also shading sidewalks and building walls.

No single method works best everywhere. A green roof is heavier than a conventional roof and may require structural reinforcement. Trees need room for roots and years to mature. Reflective coatings are comparatively quick to apply, but they do not create habitat or capture rainwater as planted roofs can.

For this reason, planners first examine a block's buildings, available space, rainfall, and budget. A combination—perhaps reflective roofs on warehouses and trees beside homes—often provides greater benefits than repeating one solution throughout an entire neighborhood.

STIMULUS END

HSPT-R3-006

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S02

Prompt: How do reflective roofs reduce warming?

- A) They store rainwater beneath buildings.
- B) They send more sunlight away instead of absorbing it.
- C) They create shade with tall plants.

D) They release heat only at night.

HSPT-R3-007

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S02

Prompt: Which benefit of green roofs is not provided by reflective coatings?

- A) They can be placed on buildings.
- B) They reduce absorbed sunlight.
- C) They can capture rainwater.
- D) They cost money to install.

HSPT-R3-008

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R3-S02

Prompt: Why might a planner choose reflective coating for a warehouse?

- A) Warehouses never need structural repairs.
- B) Reflective roofs grow habitat immediately.
- C) Trees cannot shade any warehouse.
- D) It can be applied relatively quickly without the weight of a green roof.

HSPT-R3-009

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R3-S02

Prompt: As used in the last paragraph, examine most nearly means _____.

- A) evaluate carefully
- B) repair completely
- C) measure only
- D) decorate attractively

HSPT-R3-010

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R3-S02

Prompt: Which description best captures the organization of “Cooling a City Block”?

- A) It lists city temperatures in chronological order.
- B) It presents a problem, compares solutions, and explains how choices are made.
- C) It argues that one method is always superior.

D) It narrates the construction of one roof.

STIMULUS START

Stimulus ID: HSPT-R3-S03

Section: Reading Comprehension

Stimulus Type: Reflective Passage

Title: What a Map Leaves Out

Text:

A map appears to offer certainty. Lines define roads, colors separate land from water, and symbols promise that important places can be reduced to a tidy key. Yet every map is also a collection of choices. Its maker decides what to include, what to simplify, and what scale will serve the map's purpose.

A subway map, for example, may bend geography so riders can understand connections quickly. A hiking map emphasizes elevation and water sources, details that a highway map may omit. Neither map is dishonest because it leaves something out. Each becomes useful by refusing to show everything.

This selectiveness carries a responsibility. If a map intended for emergency planning omits a small bridge, the absence may matter greatly. Likewise, an old map can reveal the priorities of its time through the names and borders it displays. Readers should therefore ask not only, "What does this map show?" but also, "Who made it, for whom, and why?"

Maps guide us best when we treat them neither as perfect mirrors nor as mere decorations. They are arguments made with distance and direction—powerful precisely because they turn a crowded world into a pattern we can examine.

STIMULUS END

HSPT-R3-011

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S03

Prompt: Why may a subway map bend geographic accuracy?

- A) To hide stations from travelers
- B) To show changes in elevation
- C) To make route connections easier to understand
- D) To copy the shape of a highway map

HSPT-R3-012

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R3-S03

Prompt: What is the author's main point?

- A) Maps become useful only when they show every detail.
- B) Old maps are more accurate than modern maps.
- C) Decorative maps cannot communicate ideas.
- D) Maps are purposeful selections that should be read with attention to their makers and uses.

HSPT-R3-013

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R3-S03

Prompt: What would the author most likely say about two different maps of the same region?

- A) Both may be useful if each suits its intended purpose.
- B) One must be dishonest because details differ.
- C) Only the larger map can be accurate.
- D) They should use identical symbols and scales.

HSPT-R3-014

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R3-S03

Prompt: Calling maps “arguments made with distance and direction” is an example of ____.

- A) rhyme
- B) metaphor
- C) dialogue
- D) foreshadowing

HSPT-R3-015

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R3-S03

Prompt: Which word best describes the author’s tone?

- A) mocking
- B) alarmed
- C) thoughtful
- D) careless

HSPT-R3-016

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R3-S03

Prompt: As used in paragraph 3, priorities most nearly means ____.

- A) printed directions
- B) measured distances
- C) unintentional errors
- D) matters considered important

SECTION 4 - MATHEMATICS

HSPT-M3-001

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Numbers and Numeration

Stimulus ID: None

Prompt: What is the value of $18 - 2(3 + 4)$?

- A) 4
- B) 2
- C) 16
- D) 112

HSPT-M3-002

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Numbers and Numeration

Stimulus ID: None

Prompt: Which fraction is equivalent to 0.375?

- A) $\frac{3}{5}$
- B) $\frac{3}{8}$
- C) $\frac{5}{8}$
- D) $\frac{37}{100}$

HSPT-M3-003

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Numbers and Numeration

Stimulus ID: None

Prompt: What is the least common multiple of 12 and 18?

- A) 6
- B) 24
- C) 36
- D) 72

HSPT-M3-004

Section: Mathematics

Type: mcq

Skill: Numbers and Numeration

Stimulus ID: None

Prompt: A quantity decreases from 80 to 62. What is the percent decrease?

- A) 18%
- B) 29%
- C) 77.5%
- D) 22.5%

HSPT-M3-005

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Algebra

Stimulus ID: None

Prompt: Solve $3(x - 4) + 5 = 20$.

- A) 9
- B) 7
- C) 11
- D) 13

HSPT-M3-006

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Algebra

Stimulus ID: None

Prompt: If $y = 4x - 1$, what is y when $x = -2$?

- A) -7
- B) -9
- C) 7
- D) 9

HSPT-M3-007

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Algebra

Stimulus ID: None

Prompt: Which inequality represents “seven less than twice n is at most 15”?

- A) $2(n - 7) \leq 15$
- B) $7 - 2n \leq 15$
- C) $2n - 7 \leq 15$
- D) $2n - 7 \geq 15$

HSPT-M3-008

Section: Mathematics

Category: Mathematics

Skill: Algebra

Stimulus ID: None

Prompt: A streaming plan costs \$8 plus \$3 per movie. If the bill is \$29, how many movies were rented?

- A) 6
- B) 8
- C) 9
- D) 7

HSPT-M3-009

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Geometry

Stimulus ID: None

Prompt: Two angles of a triangle measure 48° and 67° . What is the third angle?

- A) 65°
- B) 55°
- C) 75°
- D) 115°

HSPT-M3-010

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Geometry

Stimulus ID: None

Prompt: What is the area of a trapezoid with bases 8 and 14 and height 5?

- A) 44 square units
- B) 55 square units
- C) 70 square units
- D) 110 square units

HSPT-M3-011

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Geometry

Stimulus ID: None

Prompt: A right triangle has legs 9 and 12. What is the hypotenuse?

- A) 13
- B) 18
- C) 15
- D) 21

HSPT-M3-012

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Measurement

Stimulus ID: None

Prompt: A train leaves at 9:47 a.m. and arrives at 12:18 p.m. How long is the trip?

- A) 2 hours 21 minutes
- B) 2 hours 41 minutes
- C) 3 hours 31 minutes
- D) 2 hours 31 minutes

HSPT-M3-013

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Measurement

Stimulus ID: None

Prompt: A recipe uses 2.5 cups of flour for 20 muffins. How many cups are needed for 32 muffins?

- A) 4 cups
- B) 3.2 cups
- C) 4.5 cups
- D) 5 cups

HSPT-M3-014

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Statistics, Data, or Basic Probability

Stimulus ID: None

Prompt: What is the median of 12, 5, 9, 14, 7, and 11?

- A) 9
- B) 10
- C) 10.5
- D) 11

HSPT-M3-015

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Statistics, Data, or Basic Probability

Stimulus ID: None

Prompt: A bag contains 4 red, 3 blue, and 5 green tiles. What is the probability of drawing a tile that is not green?

- A) $\frac{5}{12}$
- B) $\frac{7}{5}$
- C) $\frac{7}{12}$
- D) $\frac{1}{2}$

HSPT-M3-016

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Statistics, Data, or Basic Probability

Stimulus ID: None

Prompt: The scores 6, 8, 8, 10, and x have a mean of 9. What is x , and what is the resulting range?

- A) $x = 9$; range = 4
- B) $x = 13$; range = 5
- C) $x = 15$; range = 9
- D) $x = 13$; range = 7

SECTION 5 - LANGUAGE

HSPT-L3-001

Section: Language

Type: mcq

Category: Language

Skill: Punctuation

Stimulus ID: None

Prompt: Which sentence correctly uses a comma after an introductory phrase?

- A) After the final rehearsal, the cast rested.
- B) After the final rehearsal the cast, rested.
- C) After, the final rehearsal the cast rested.
- D) After the final rehearsal the cast rested.

HSPT-L3-002

Section: Language

Type: mcq

Category: Language

Skill: Punctuation

Stimulus ID: None

Prompt: Which sentence correctly uses an apostrophe?

- A) The two puppys bowls were beside the door.
- B) The two puppies' bowls were beside the door.
- C) The two puppy's bowls were beside the door.
- D) The two puppies bowls' were beside the door.

HSPT-L3-003

Section: Language

Type: mcq

Category: Language

Skill: Punctuation

Stimulus ID: None

Prompt: Which sentence correctly introduces a list?

- A) Please bring: three supplies, paper, tape, and scissors.
- B) Please bring three supplies; paper, tape, and scissors.
- C) Please bring three supplies: paper, tape, and scissors.

D) Please bring three supplies paper: tape: and scissors.

HSPT-L3-004

Section: Language

Type: mcq

Category: Language

Skill: Capitalization

Stimulus ID: None

Prompt: Select the correctly capitalized sentence about the trip.

A) We studied french before visiting Quebec in June.

B) We studied French before visiting quebec in june.

C) We studied french before visiting quebec in June.

D) We studied French before visiting Quebec in June.

HSPT-L3-005

Section: Language

Type: mcq

Category: Language

Skill: Capitalization

Stimulus ID: None

Prompt: Select the correctly capitalized sentence about the school event.

A) Mayor Ortiz spoke at Lincoln Middle School on Monday.

B) Mayor ortiz spoke at Lincoln middle school on Monday.

C) mayor Ortiz spoke at Lincoln Middle School on monday.

D) Mayor Ortiz spoke at lincoln Middle School on Monday.

HSPT-L3-006

Section: Language

Type: mcq

Category: Language

Skill: Spelling

Stimulus ID: None

Prompt: Choose the standard spelling of the word meaning “required.”

A) neccessary

B) necessary

C) necesary

D) necessery

HSPT-L3-007

Section: Language

Type: mcq

Category: Language

Skill: Spelling

Stimulus ID: None

Prompt: Which sentence needs a spelling correction?

A) The mechanic inspected the engine.

B) Our neighbor recommended the bakery.

C) The committee reached a seperate decision.

D) The athlete maintained a steady pace.

HSPT-L3-008

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt: Which version correctly completes “The coach selected ____”?

- A) Jordan and I
- B) Jordan and myself
- C) me and Jordan’s
- D) Jordan and me

HSPT-L3-009

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt: Which sentence uses the verb tense correctly?

- A) By the time we arrived, the film had begun.
- B) By the time we arrived, the film has begun.
- C) By the time we arrive, the film had began.
- D) By the time we arrived, the film begun.

HSPT-L3-010

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt: Which revision correctly fixes the misplaced modifier?

- A) Walking through the market, the bright banners caught Luis’s attention.
- B) Walking through the market, Luis noticed the bright banners.
- C) The bright banners, walking through the market, caught Luis’s attention.
- D) Luis noticed, walking through the market, the banners were bright.

HSPT-L3-011

Section: Language

Type: mcq

Category: Language

Stimulus ID: None

Prompt: Which revision states the idea without redundancy?

A) The two teams cooperated together.

B) Together, both of the two teams cooperated.

C) The two separate teams mutually cooperated together.

D) The two teams cooperated.

STIMULUS START

Stimulus ID: HSPT-L3-S01

Section: Language

Stimulus Type: Editing Passage

Title: A Pocket Meadow

Text:

(1) An unused corner beside our school parking lot once held only gravel and weeds. (2) Last fall, students proposed turning it into a small meadow for native flowers. (3) They researched plants that could survive with little watering. (4) The school library closes at four o'clock. (5) Families donated seeds, and a local gardener explained how to prepare the soil. (6) By spring, purple asters and yellow coreopsis attracted bees and butterflies. (7) The project showed that even a modest space can support wildlife when a community plans carefully.

STIMULUS END

HSPT-L3-013

Section: Language

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L3-S01

Prompt: Which sentence should be removed because it does not support the paragraph's focus?

A) Sentence 4

B) Sentence 2

C) Sentence 5

D) Sentence 6

HSPT-L3-014

Section: Language

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L3-S01

Prompt: Which sentence would be the best topic sentence for the passage?

- A) Native flowers come in several bright colors.
- B) Parking lots are found beside many schools.
- C) A neglected patch of ground can become a valuable habitat through a shared effort.
- D) Gardeners use many kinds of tools.

HSPT-L3-015

Section: Language

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L3-S01

Prompt: Where should the following sentence be placed? "They also measured how many hours of sunlight reached the area."

- A) After sentence 1
- B) After sentence 5
- C) After sentence 7
- D) After sentence 3

ANSWER KEY + EXPLANATIONS

VERBAL SKILLS ANSWERS

HSPT-V3-001 — Correct: A — Correct Answer: polite — Explanation: Courteous means polite and considerate toward others.

HSPT-V3-002 — Correct: B — Correct Answer: vast — Explanation: Immense means extremely large or vast.

HSPT-V3-003 — Correct: C — Correct Answer: notice — Explanation: To perceive something is to become aware of or notice it.

HSPT-V3-004 — Correct: D — Correct Answer: narrow — Explanation: Broad means wide; narrow means having little width.

HSPT-V3-005 — Correct: A — Correct Answer: superior — Explanation: Inferior means lower in quality or rank; superior means higher.

HSPT-V3-006 — Correct: B — Correct Answer: guilty — Explanation: Innocent means not responsible for wrongdoing; guilty means responsible.

HSPT-V3-007 — Correct: C — Correct Answer: temperature — Explanation: A rudder controls direction; a thermostat controls temperature.

HSPT-V3-008 — Correct: D — Correct Answer: mammal — Explanation: Gills enable a fish to breathe; lungs enable a mammal to breathe.

HSPT-V3-009 — Correct: A — Correct Answer: horse — Explanation: A sapling is a young tree; a foal is a young horse.

HSPT-V3-010 — Correct: B — Correct Answer: thermometer — Explanation: The other three measure length; a thermometer measures temperature.

HSPT-V3-011 — Correct: C — Correct Answer: mumble — Explanation: All four describe ways of speaking quietly or indistinctly.

HSPT-V3-012 — Correct: D — Correct Answer: scene and play — Explanation: A chapter is a division of a book; a scene is a division of a play.

HSPT-V3-013 — Correct: A — Correct Answer: Banner K is blue. — Explanation: K cannot be gold, and every banner is blue or gold, so K must be blue.

HSPT-V3-014 — Correct: B — Correct Answer: L — Explanation: J must be first and N fifth; the only arrangement fitting K before consecutive L and M is J, K, L, M, N.

HSPT-V3-015 — Correct: C — Correct Answer: The garden gate is not open. — Explanation: By the contrapositive, an off path light means the condition of an open gate is not present.

QUANTITATIVE SKILLS ANSWERS

HSPT-Q3-001 — Correct: A — Correct Answer: 61 — Explanation: The differences are 5, 8, 11, 14, then 17; $44 + 17 = 61$.

HSPT-Q3-002 — Correct: B — Correct Answer: 1.25 — Explanation: The operations alternate $\div 2$ and $\div 4$, so $2.5 \div 2 = 1.25$.

HSPT-Q3-003 — Correct: C — Correct Answer: 41 — Explanation: The pattern alternates $\times 3$ and -1 ; $42 - 1 = 41$.

HSPT-Q3-004 — Correct: D — Correct Answer: 47 — Explanation: Each term after the second equals the sum of the previous two: $18 + 29 = 47$.

HSPT-Q3-005 — Correct: A — Correct Answer: 72 — Explanation: If $1.25n = 90$, then $n = 90 \div 1.25 = 72$.

HSPT-Q3-006 — Correct: B — Correct Answer: 132 — Explanation: 132 is even and has digit sum 6, so it is divisible by 6 but not by 9.

HSPT-Q3-007 — Correct: B — Correct Answer: 24 — Explanation: The number is $27 \times 4/3 = 36$, and $2/3$ of 36 is 24.

HSPT-Q3-008 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: Both quantities equal 28.

HSPT-Q3-009 — Correct: A — Correct Answer: Quantity A is greater. — Explanation: Squaring a positive number below 1 makes it smaller, so x is greater than x^2 .

HSPT-Q3-010 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: The sum alone does not reveal whether a is greater than, equal to, or less than b .

HSPT-Q3-011 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: Both areas equal 36 square units.

HSPT-Q3-012 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: The perimeter is 18, so Quantity B is greater.

HSPT-Q3-013 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: A supplementary angle may be less than, equal to, or greater than 90° , so the relationship is unknown.

READING COMPREHENSION ANSWERS

HSPT-R3-001 — Correct: A — Correct Answer: Boot prints in the softened soil — Explanation: The passage says Mara notices boot prints on the fern-lined path.

HSPT-R3-002 — Correct: B — Correct Answer: Her grandfather had connected it specifically with the correct turn. — Explanation: The boulder matches a remembered landmark, while the footprints could lead elsewhere.

HSPT-R3-003 — Correct: C — Correct Answer: lasting and calm — Explanation: Mara feels a calm, durable confidence beyond her immediate relief.

HSPT-R3-004 — Correct: D — Correct Answer: create a problem that reveals Mara's growing judgment — Explanation: Without the marker, Mara must evaluate evidence and demonstrate independence.

HSPT-R3-005 — Correct: A — Correct Answer: Careful observation can build confidence and guide sound decisions. — Explanation: Mara succeeds by observing and weighing clues, then recognizes attention as a portable guide.

HSPT-R3-006 — Correct: B — Correct Answer: They send more sunlight away instead of absorbing it. — Explanation: The passage directly explains that reflective surfaces absorb less sunlight.

HSPT-R3-007 — Correct: C — Correct Answer: They can capture rainwater. — Explanation: The third paragraph identifies rainwater capture as a benefit of planted roofs.

HSPT-R3-008 — Correct: D — Correct Answer: It can be applied relatively quickly without the weight of a green roof. — Explanation: The passage contrasts quick coatings with the structural demands of green roofs.

HSPT-R3-009 — Correct: A — Correct Answer: evaluate carefully — Explanation: Planners evaluate several local conditions before choosing methods.

HSPT-R3-010 — Correct: B — Correct Answer: It presents a problem, compares solutions, and explains how choices are made. — Explanation: The paragraphs move from local warming to options, tradeoffs, and selection.

HSPT-R3-011 — Correct: C — Correct Answer: To make route connections easier to understand — Explanation: The second paragraph states that simplified geography can clarify connections.

HSPT-R3-012 — Correct: D — Correct Answer: Maps are purposeful selections that should be read with attention to their makers and uses. — Explanation: The entire passage explains maps as selective, purposeful representations.

HSPT-R3-013 — Correct: A — Correct Answer: Both may be useful if each suits its intended purpose. — Explanation: The author treats different selections as valid when they serve different needs.

HSPT-R3-014 — Correct: B — Correct Answer: metaphor — Explanation: The phrase figuratively compares a map's choices to an argument.

HSPT-R3-015 — Correct: C — Correct Answer: thoughtful — Explanation: The author considers both the usefulness and limitations of maps in a reflective manner.

HSPT-R3-016 — Correct: D — Correct Answer: matters considered important — Explanation: Names and borders can reveal what people of a period considered important.

MATHEMATICS ANSWERS

HSPT-M3-001 — Correct: A — Correct Answer: 4 — Explanation: Evaluate parentheses first: $3 + 4 = 7$; then $18 - 14 = 4$.

HSPT-M3-002 — Correct: B — Correct Answer: $\frac{3}{8}$ — Explanation: $0.375 = \frac{375}{1000}$, which simplifies to $\frac{3}{8}$.

HSPT-M3-003 — Correct: C — Correct Answer: 36 — Explanation: The first common positive multiple in their lists is 36.

HSPT-M3-004 — Correct: D — Correct Answer: 22.5% — Explanation: The decrease is 18, and $18 \div 80 = 0.225 = 22.5\%$.

HSPT-M3-005 — Correct: A — Correct Answer: 9 — Explanation: Expand to $3x - 7 = 20$, so $3x = 27$ and $x = 9$.

HSPT-M3-006 — Correct: B — Correct Answer: -9 — Explanation: Substitute -2: $y = 4(-2) - 1 = -9$.

HSPT-M3-007 — Correct: C — Correct Answer: $2n - 7 \leq 15$ — Explanation: "Seven less than twice n" is $2n - 7$, and "at most" means $\leq$.

HSPT-M3-008 — Correct: D — Correct Answer: 7 — Explanation: Solve $8 + 3m = 29$; then $3m = 21$ and $m = 7$.

HSPT-M3-009 — Correct: A — Correct Answer: 65° — Explanation: Triangle angles total 180° , so $180 - 48 - 67 = 65^\circ$.

HSPT-M3-010 — Correct: B — Correct Answer: 55 square units — Explanation: Area = $\frac{1}{2}(8 + 14) \times 5 = 55$ square units.

HSPT-M3-011 — Correct: C — Correct Answer: 15 — Explanation: Using the Pythagorean theorem, $\sqrt{9^2 + 12^2} = \sqrt{225} = 15$.

HSPT-M3-012 — Correct: D — Correct Answer: 2 hours 31 minutes — Explanation: From 9:47 to 11:47 is two hours, then 31 more minutes reaches 12:18.

HSPT-M3-013 — Correct: A — Correct Answer: 4 cups — Explanation: Scale by $32/20 = 1.6$; $2.5 \times 1.6 = 4$ cups.

HSPT-M3-014 — Correct: B — Correct Answer: 10 — Explanation: Ordered values are 5, 7, 9, 11, 12, 14; the middle average is 10.

HSPT-M3-015 — Correct: C — Correct Answer: $7/12$ — Explanation: Seven of the 12 tiles are red or blue, so the probability is $7/12$.

HSPT-M3-016 — Correct: D — Correct Answer: $x = 13$; range = 7 — Explanation: The total must be 45, so $x = 13$; the range is $13 - 6 = 7$.

LANGUAGE ANSWERS

HSPT-L3-001 — Correct: A — Correct Answer: After the final rehearsal, the cast rested. — Explanation: The introductory prepositional phrase is correctly followed by a comma.

HSPT-L3-002 — Correct: B — Correct Answer: The two puppies' bowls were beside the door. — Explanation: The bowls belong to multiple puppies, so the apostrophe follows the plural noun.

HSPT-L3-003 — Correct: C — Correct Answer: Please bring three supplies: paper, tape, and scissors. — Explanation: A colon correctly follows a complete clause that introduces a list.

HSPT-L3-004 — Correct: D — Correct Answer: We studied French before visiting Quebec in June. — Explanation: A language, a geographic proper noun, and a month are capitalized.

HSPT-L3-005 — Correct: A — Correct Answer: Mayor Ortiz spoke at Lincoln Middle School on Monday. — Explanation: A title before a name, the school's official name, and the day are capitalized.

HSPT-L3-006 — Correct: B — Correct Answer: necessary — Explanation: Necessary is spelled with one c and two s's.

HSPT-L3-007 — Correct: C — Correct Answer: The committee reached a separate decision. — Explanation: Separate, not seperate, is the correct spelling.

HSPT-L3-008 — Correct: D — Correct Answer: Jordan and me — Explanation: Me is the correct object pronoun after selected.

HSPT-L3-009 — Correct: A — Correct Answer: By the time we arrived, the film had begun. — Explanation: Past perfect had begun correctly shows the film started before the arrival.

HSPT-L3-010 — Correct: B — Correct Answer: Walking through the market, Luis noticed the bright banners. — Explanation: The introductory phrase now clearly modifies Luis, the person walking.

HSPT-L3-011 — Correct: C — Correct Answer: affect — Explanation: Affect is the verb meaning to influence.

HSPT-L3-012 — Correct: D — Correct Answer: The two teams cooperated. — Explanation: Cooperated already expresses working together, so added wording is redundant.

HSPT-L3-013 — Correct: A — Correct Answer: Sentence 4 — Explanation: The library's closing time is unrelated to creating and observing the meadow.

HSPT-L3-014 — Correct: C — Correct Answer: A neglected patch of ground can become a valuable habitat through a shared effort. — Explanation: This sentence introduces both the transformation and the cooperative effort developed in the paragraph.

HSPT-L3-015 — Correct: D — Correct Answer: After sentence 3 — Explanation: The sentence adds another research step and fits directly after the plant research in sentence 3.

Prompt: Select the best answer. Which integer has exactly six positive factors?

- A) 8
- B) 11
- C) 16
- D) 12

HSPT-Q3-020

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt: Select the best answer. The ratio of blue beads to white beads is 3:7. If there are 50 beads, how many are blue?

- A) 10
- B) 15
- C) 20
- D) 35

HSPT-Q3-021

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: Select the best answer. Quantity A: 0.6×45 . Quantity B: 30.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-022

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: Select the best answer. Quantity A: 2 to the fifth power. Quantity B: 4 cubed divided by 2.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-023

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: Select the best answer. k is an integer. Quantity A: $k + 3$. Quantity B: 3.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-024

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: Select the best answer. A circle has radius 4. Quantity A: its diameter. Quantity B: 9.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-025

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: Select the best answer. A rectangle has length 11 and width 3. Quantity A: its area. Quantity B: its perimeter.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-026

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: Select the best answer. An equilateral triangle has side length t . Quantity A: its perimeter. Quantity B: $3t$.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

SECTION 3 - READING COMPREHENSION

STIMULUS START

Stimulus ID: HSPT-R3-S04

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: The Spare Key

Text:

Leila was responsible for opening the stage workshop before Saturday's practice. At the school entrance, she reached into her bag and found an empty key pocket. Her teammates would arrive in fifteen minutes.

She retraced her route to the bus stop, watching the sidewalk. Nothing gleamed near the curb. Then she remembered lending her ruler to Omar during Friday's class. She had opened the same pocket to put his ruler away.

Leila called Omar, who checked beneath their classroom table with a custodian's help. The key was there, but the building was across town. Leila expected practice to be canceled. Instead, teammate Inez messaged that the library's meeting room was available and their drafting software worked on tablets.

The team spent the morning revising measurements and drawing a new hinged scenery brace. They could not assemble the set model, yet they solved two problems that had slowed them all week. On Monday, Leila collected the key and attached it to a bright orange cord. She had learned two lessons: make important objects difficult to lose, and do not confuse a changed plan with a wasted day.

STIMULUS END

HSPT-R3-017

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S04

Prompt: Select the best answer. Where does Omar find the key?

- A) Beneath the classroom table
- B) At the bus stop
- C) Inside Leila's tablet case
- D) Near the school entrance

HSPT-R3-018

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R3-S04

Prompt: Select the best answer. Why does the team move to the library?

- A) It stores a second set model.
- B) It offers a place and tools for work that does not require the set model.
- C) Omar is already waiting there.
- D) The school forbids Saturday practice.

HSPT-R3-019

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R3-S04

Prompt: Select the best answer. As used in the final paragraph, attached most nearly means _____.

- A) explained
- B) mailed
- C) fastened
- D) compared

HSPT-R3-020

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R3-S04

Prompt: Select the best answer. The bright orange cord mainly symbolizes Leila's _____.

- A) interest in team colors
- B) wish to replace the key
- C) fear of entering school
- D) decision to prevent the same mistake

HSPT-R3-021

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R3-S04

Prompt: Select the best answer. Which statement best expresses the central idea?

- A) Adaptability can turn a setback into productive work.
- B) Plans succeed only when nothing changes.
- C) Technology makes keys unnecessary.
- D) Teamwork requires meeting at school.

STIMULUS START

Stimulus ID: HSPT-R3-S05

Section: Reading Comprehension

Stimulus Type: Scientific Passage

Title: How Fog Nets Collect Water

Text:

In some dry coastal regions, mist arrives even when rain is scarce. Mist consists of tiny water droplets suspended in air. A dew screen captures some of those droplets as wind carries them through a mesh panel.

When droplets strike the mesh, they join with other droplets and grow heavier. Gravity pulls the water downward into a channel, which directs it toward a storage tank. The mesh must allow air to pass while providing enough surface for droplets to collect. A solid wall would force much of the moving air around it.

Dew screens do not create water, and their output varies. Wind speed, droplet size, mesh design, and the number of misty hours all affect collection. The stored water may also require treatment, depending on how it will be used and what substances are present in the air or on the equipment.

Because performance depends on local conditions, planners test small collectors before installing a large system. Where mist is frequent and other water sources are limited, nets can supplement rather than replace existing supplies.

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S05

Prompt: Select the best answer. What moves collected water from the mesh toward a channel?

- A) sunlight
- B) gravity

- C) electricity
- D) air pressure

HSPT-R3-023

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S05

Prompt: Select the best answer. Why would a solid wall be less effective than mesh?

- A) It would make droplets evaporate instantly.
- B) It could not stand outdoors.
- C) It would cause much of the air to flow around it.
- D) It would produce too much drinking water.

HSPT-R3-024

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R3-S05

Prompt: Select the best answer. What is the passage mainly about?

- A) Why coastal rain is increasing
- B) How tanks manufacture fog
- C) Why mesh replaces all water systems
- D) How dew screens collect water and why their success varies

HSPT-R3-025

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R3-S05

Prompt: Select the best answer. Why do planners test small collectors first?

- A) Local results help show whether a larger installation is worthwhile.
- B) Small nets always collect more water.
- C) Testing removes treatment needs.
- D) Large nets cannot be repaired.

HSPT-R3-026

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R3-S05

Prompt: Select the best answer. Which choice best summarizes the final paragraph?

- A) Dew screens work equally well everywhere.
- B) Testing helps determine where dew screens can usefully supplement water supplies.

- C) Existing supplies should be abandoned.
- D) Only large systems can be tested.

STIMULUS START

Stimulus ID: HSPT-R3-S06

Section: Reading Comprehension

Stimulus Type: Informational Passage

Title: Layers Behind Street Names

Text:

Street names can preserve clues about landscape, language, and human history. A name may describe a physical feature, honor a person, recall an event, or carry forward a word from an earlier language. Yet names that seem permanent often have complicated histories.

The same road or square may have been known by several communities, each using a different name. Municipal clerks sometimes selected one version for official documents, while local speakers continued using another. Spellings also changed when sounds from one language were represented in the alphabet of another.

Researchers who study street names compare plans, diaries, government records, and oral histories. No single source is automatically decisive. An old plan may contain a copying error, while a story passed through families may preserve information absent from official records. Comparing sources helps researchers distinguish strong evidence from an appealing guess.

Studying names is therefore more than making a list. It means examining who used a name, when they used it, and why one version became widely recognized. A familiar label on a map may be the final layer of a much longer conversation.

STIMULUS END

HSPT-R3-027

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R3-S06

Prompt: Select the best answer. Which statement best captures the central idea of the place-name passage?

- A) Official maps always preserve the earliest name.
- B) Every physical feature has only one valid name.
- C) Place-name research combines varied sources to uncover complex naming histories.
- D) Spellings never change between languages.

HSPT-R3-028

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S06

Prompt: Select the best answer. Which sources do researchers compare?

- A) Only modern road signs
- B) Weather reports and novels
- C) Photographs and recipes
- D) Maps, letters, government records, and oral histories

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L3-S02

Prompt: Select the best answer. Which sentence would provide the most effective conclusion?

- A) The website might use several colors.
- B) With reliable information in one place, residents could borrow equipment more easily and avoid unnecessary trips.
- C) Some equipment requires training before use.
- D) Town residents own many personal tools.

ANSWER KEY + EXPLANATIONS

VERBAL SKILLS ANSWERS

HSPT-V3-016 — Correct: B — Correct Answer: careful — Explanation: Meticulous means extremely careful and precise.

HSPT-V3-017 — Correct: C — Correct Answer: unwilling — Explanation: Reluctant means hesitant or unwilling.

HSPT-V3-018 — Correct: D — Correct Answer: decrease — Explanation: To diminish is to become or make smaller.

HSPT-V3-019 — Correct: A — Correct Answer: abundant — Explanation: Scarce means limited; abundant means plentiful.

HSPT-V3-020 — Correct: B — Correct Answer: flexible — Explanation: Rigid means stiff; flexible means able to bend.

HSPT-V3-021 — Correct: C — Correct Answer: reveal — Explanation: To conceal is to hide; to reveal is to show.

HSPT-V3-022 — Correct: D — Correct Answer: weight — Explanation: A compass indicates direction for navigation; a scale indicates weight.

HSPT-V3-023 — Correct: A — Correct Answer: bear — Explanation: A hive shelters a bee; a den shelters a bear.

HSPT-V3-024 — Correct: B — Correct Answer: rain — Explanation: A pebble is a small rock; drizzle is light rain.

HSPT-V3-025 — Correct: C — Correct Answer: emerald — Explanation: The other three are shades of red; emerald is green.

HSPT-V3-026 — Correct: D — Correct Answer: limerick — Explanation: All four are forms of poetry.

HSPT-V3-027 — Correct: A — Correct Answer: key and piano — Explanation: A lens is a functional part of a camera; a key is a functional part of a piano.

HSPT-V3-028 — Correct: B — Correct Answer: It is not transparent. — Explanation: The two statements imply that cedar boxes cannot be transparent.

HSPT-V3-029 — Correct: C — Correct Answer: R — Explanation: The only possible order is R, P, Q, S.

HSPT-V3-030 — Correct: D — Correct Answer: The alarm is not armed. — Explanation: The contrapositive shows that the alarm is not armed.

QUANTITATIVE SKILLS ANSWERS

HSPT-Q3-014 — Correct: C — Correct Answer: 49 — Explanation: These are consecutive squares from 2 squared through 7 squared.

HSPT-Q3-015 — Correct: D — Correct Answer: 9 — Explanation: The operations alternate division by 2 and subtraction of 4.

HSPT-Q3-016 — Correct: A — Correct Answer: 50 — Explanation: Differences are 3, 6, 9, 12, then 15.

HSPT-Q3-017 — Correct: B — Correct Answer: 54 — Explanation: Multiply 45 by $\frac{6}{5}$ to obtain 54.

HSPT-Q3-018 — Correct: C — Correct Answer: \$72 — Explanation: 12.5% of 64 is 8, so the new price is \$72.

HSPT-Q3-019 — Correct: D — Correct Answer: 12 — Explanation: The factors of 12 are 1, 2, 3, 4, 6, and 12.

HSPT-Q3-020 — Correct: B — Correct Answer: 15 — Explanation: Blue beads are $\frac{3}{10}$ of 50, or 15.

HSPT-Q3-021 — Correct: A — Correct Answer: Quantity B is greater. — Explanation: Quantity A is 27, so Quantity B is greater.

HSPT-Q3-022 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: Both quantities equal 32.

HSPT-Q3-023 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: The comparison depends on whether k is positive, zero, or negative.

HSPT-Q3-024 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: The diameter is 8, so Quantity B is greater.

HSPT-Q3-025 — Correct: A — Correct Answer: Quantity A is greater. — Explanation: The area is 33 and the perimeter is 28.

HSPT-Q3-026 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: Both quantities equal $3t$.

READING COMPREHENSION ANSWERS

HSPT-R3-017 — Correct: A — Correct Answer: Beneath the classroom table — Explanation: The passage directly identifies the location.

HSPT-R3-018 — Correct: B — Correct Answer: It offers a place and tools for work that does not require the set model. — Explanation: The team can revise code and designs there.

HSPT-R3-019 — Correct: C — Correct Answer: fastened — Explanation: Leila fastens the key to a visible cord.

HSPT-R3-020 — Correct: D — Correct Answer: decision to prevent the same mistake — Explanation: The cord represents a practical lesson learned.

HSPT-R3-021 — Correct: A — Correct Answer: Adaptability can turn a setback into productive work. — Explanation: The team changes plans and still solves problems.

HSPT-R3-022 — Correct: B — Correct Answer: gravity — Explanation: Gravity pulls the heavier droplets downward.

HSPT-R3-023 — Correct: C — Correct Answer: It would cause much of the air to flow around it. — Explanation: The passage explicitly contrasts solid walls with mesh.

HSPT-R3-024 — Correct: D — Correct Answer: How dew screens collect water and why their success varies — Explanation: The passage explains operation, variables, and limits.

HSPT-R3-025 — Correct: A — Correct Answer: Local results help show whether a larger installation is worthwhile. — Explanation: Performance depends strongly on the site.

HSPT-R3-026 — Correct: B — Correct Answer: Testing helps determine where dew screens can usefully supplement water supplies. — Explanation: This captures testing, suitable locations, and a supporting role.

HSPT-R3-027 — Correct: C — Correct Answer: Place-name research combines varied sources to uncover complex naming histories. — Explanation: The passage emphasizes multiple names, sources, and evidence.

HSPT-R3-028 — Correct: D — Correct Answer: Maps, letters, government records, and oral histories — Explanation: The third paragraph lists these sources.

HSPT-R3-029 — Correct: A — Correct Answer: Each kind of source may contain errors or omit information. — Explanation: The passage describes different strengths and weaknesses.

HSPT-R3-030 — Correct: B — Correct Answer: keep — Explanation: Family stories may keep information over time.

HSPT-R3-031 — Correct: C — Correct Answer: rests on earlier names and decisions — Explanation: The metaphor presents the current name as one stage in a history.

HSPT-R3-032 — Correct: D — Correct Answer: By introducing varied name origins, describing conflicting versions, and explaining research methods — Explanation: The passage moves from complexity to evidence-based study.

MATHEMATICS ANSWERS

HSPT-M3-017 — Correct: B — Correct Answer: $3\frac{1}{10}$ — Explanation: Convert to tenths and subtract.

HSPT-M3-018 — Correct: C — Correct Answer: -5 — Explanation: Absolute value gives 8, and $8 - 13 = -5$.

HSPT-M3-019 — Correct: D — Correct Answer: \$54 — Explanation: The discount is \$18, leaving \$54.

HSPT-M3-020 — Correct: A — Correct Answer: $12x - 3$ — Explanation: Distribute and combine constants.

HSPT-M3-021 — Correct: B — Correct Answer: 12 — Explanation: Subtract 6, then multiply by -3 .

HSPT-M3-022 — Correct: C — Correct Answer: 19 — Explanation: $2(9)+1=19$.

HSPT-M3-023 — Correct: D — Correct Answer: $80 - 6t$ — Explanation: Subtract the amount drained from 80.

HSPT-M3-024 — Correct: A — Correct Answer: 9 centimeters — Explanation: Divide 90 by 10.

HSPT-M3-025 — Correct: B — Correct Answer: 18π inches — Explanation: Circumference equals π times diameter.

HSPT-M3-026 — Correct: C — Correct Answer: 12 square units — Explanation: Use one-half base times height.

HSPT-M3-027 — Correct: D — Correct Answer: 340 — Explanation: Multiply meters by 100.

HSPT-M3-028 — Correct: A — Correct Answer: 18 kilometers — Explanation: The rate is 0.15 km/minute for 120 minutes.

HSPT-M3-029 — Correct: B — Correct Answer: 5 pounds — Explanation: Eighty ounces equals 5 pounds.

HSPT-M3-030 — Correct: C — Correct Answer: 8 — Explanation: The sum 40 divided by 5 is 8.

HSPT-M3-031 — Correct: D — Correct Answer: $\frac{1}{5}$ — Explanation: After any first result, the second must match it with probability $\frac{1}{5}$.

HSPT-M3-032 — Correct: A — Correct Answer: 13 — Explanation: The range increases by 5, from 8 to 13.

LANGUAGE ANSWERS

HSPT-L3-016 — Correct: D — Correct Answer: The gate opened; the crowd entered. — Explanation: A semicolon correctly joins related independent clauses.

HSPT-L3-017 — Correct: A — Correct Answer: “Please close the window,” said Ravi. — Explanation: The comma belongs inside the closing quotation mark.

HSPT-L3-018 — Correct: B — Correct Answer: We crossed the Rocky Mountains in June. — Explanation: The geographic name and month are capitalized.

HSPT-L3-019 — Correct: C — Correct Answer: Senator Kim spoke at Central High School. — Explanation: The title, name, and full school name are capitalized.

HSPT-L3-020 — Correct: D — Correct Answer: independent — Explanation: Independent is the standard spelling.

HSPT-L3-021 — Correct: A — Correct Answer: The room had a pleasant aroma. — Explanation: Pleasant should be pleasant.

HSPT-L3-022 — Correct: B — Correct Answer: similarities — Explanation: Similarities is spelled correctly.

HSPT-L3-023 — Correct: C — Correct Answer: A list of names appears on the screen. — Explanation: The singular subject list takes appears.

HSPT-L3-024 — Correct: D — Correct Answer: The job requires measuring, cutting, and assembling. — Explanation: All three items are gerunds.

HSPT-L3-025 — Correct: A — Correct Answer: The lantern flickered during the storm. — Explanation: It has a complete subject and predicate.

HSPT-L3-026 — Correct: B — Correct Answer: theirs — Explanation: Theirs is the possessive pronoun.

HSPT-L3-027 — Correct: C — Correct Answer: however — Explanation: However signals contrast.

HSPT-L3-028 — Correct: D — Correct Answer: Finding Shared Tools Online — Explanation: The title captures the proposed online borrowing guide.

HSPT-L3-029 — Correct: A — Correct Answer: An online borrowing guide would help residents locate shared tools across town. — Explanation: The revision states the proposal and its purpose.

HSPT-L3-030 — Correct: B — Correct Answer: With reliable information in one place, residents could borrow equipment more easily and avoid unnecessary trips. — Explanation: The conclusion restates the guide’s overall practical benefit.

Prompt: Select the best answer. A triangle has area 30 and base 10. Quantity A: its height.

Quantity B: 5.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

SECTION 3 - READING COMPREHENSION

STIMULUS START

Stimulus ID: HSPT-R3-S07

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: The Last Window Box

Text:

When Mrs. Vale announced that she was moving, Nia expected the apartment hallway to feel quieter. Instead, it filled with boxes, tape, and neighbors offering advice. On the final afternoon, Mrs. Vale pointed to the window box outside her kitchen. Its mint and marigolds had survived three summers above the noisy avenue. "The movers will not take this," she said. "Would you?"

Nia hesitated. Her own windowsill was narrow, and she had never kept a plant alive. Still, she carried the box upstairs. During the first week, several leaves drooped. Nia nearly returned the box to the empty apartment, but the new tenant had already arrived. She searched a gardening book and learned that the afternoon sun was too strong. With her father's help, she fastened a small cloth shade above the plants.

By August, fresh mint spilled over the rim. Nia clipped a few sprigs for lemonade and left a glass outside Mrs. Vale's new building. The next morning, a note appeared beneath the empty glass: "I knew the garden had chosen well." Nia smiled at the odd sentence. Looking at the bright leaves, however, she understood exactly what it meant.

STIMULUS END

ID: HSPT-R3-033

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S07

Prompt: Select the best answer. Why does Nia add a cloth shade?

- A) The plants receive too much afternoon sun.
- B) Birds are eating the marigolds.
- C) The window box blocks her view.
- D) Rainwater is filling the box.

ID: HSPT-R3-034

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R3-S07

Prompt: Select the best answer. What does Nia's delivery of lemonade most strongly suggest?

- A) She wants Mrs. Vale to return the box.
- B) She is proud to share the result of her care.
- C) She plans to sell mint drinks.
- D) She needs advice about the new tenant.

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R3-S07

Prompt: Select the best answer. As used in the passage, drooped most nearly means ____.

- A) grew rapidly
- B) changed color
- C) bent downward
- D) spread outward

ID: HSPT-R3-036

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R3-S07

Prompt: Select the best answer. The window box mainly functions as a symbol of ____.

- A) the inconvenience of moving
- B) the danger of city sunlight
- C) Mrs. Vale's unusual habits

D) care passed from one person to another

ID: HSPT-R3-037

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R3-S07

Prompt: Select the best answer. Which statement best expresses the story's central idea?

A) Accepting responsibility can reveal abilities a person did not expect.

B) Books always solve practical problems.

C) Neighbors should exchange gifts when they move.

D) Plants grow best in crowded cities.

STIMULUS START

Stimulus ID: HSPT-R3-S08

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: A Seat Near the Door

Text:

The youth orchestra's rehearsal room had one chair that nobody wanted. It stood near the door, where late arrivals squeezed past and cold air entered whenever someone came in. Mateo, the newest cellist, found his name taped to its back.

At first, every interruption broke his concentration. He missed entrances and tightened his grip on the bow. Then he began noticing something useful: from that seat, he could see both the conductor and the brass players reflected in the glass door. The reflection helped him anticipate sections that began behind him.

Before the winter concert, a stage assistant asked the orchestra to practice an unusual entrance. Players would walk on in groups while continuing to perform. Several musicians worried about losing sight of the conductor. Mateo suggested using reflections in the framed posters along the aisle. The orchestra tested his idea, and the entrance became smooth.

After the concert, the director offered Mateo a chair closer to the center. Mateo thanked her but remained by the door. The draft was still annoying, and people still brushed past him. Yet the seat no longer felt like the place assigned to the least important player. It had become the place from which Mateo had learned to look differently.

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R3-S08

Prompt: Select the best answer. How is the passage mainly organized?

- A) It compares two orchestras.
- B) It presents a problem, a discovery, and a broader application.
- C) It lists rehearsal rules in order of importance.
- D) It explains the history of a concert hall.

STIMULUS START

Stimulus ID: HSPT-R3-S09

Section: Reading Comprehension

Stimulus Type: Informational Passage

Title: Why Some Seeds Wait

Text:

A seed may appear inactive, yet it contains a living embryo and stored food. Many seeds begin growing soon after receiving water, oxygen, and a suitable temperature. Others remain dormant even when these basic conditions are present. Dormancy prevents growth until additional signals suggest that survival is likely.

Different species use different signals. Some seeds have coats so hard that water cannot enter until weathering, soil movement, or an animal's digestion weakens the covering. Certain forest plants respond to chemicals in smoke or to heat from a fire. Because fire removes dense vegetation, a seed that sprouts afterward may encounter more sunlight and less competition. Other seeds require weeks of cold before they can germinate. This delay keeps them from sprouting during a brief warm period in autumn, when young plants might soon be killed by winter.

Dormancy also spreads risk over time. Seeds from one plant may not all awaken during the same season. If drought destroys one year's seedlings, seeds still resting in the soil may grow under better conditions later. For farmers and gardeners, dormancy can be inconvenient, but understanding its triggers allows them to imitate nature—scratching a hard coat, chilling seeds, or applying carefully controlled heat.

STIMULUS END

ID: HSPT-R3-043

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S09

Prompt: Select the best answer. According to the passage, why can sprouting after a fire be advantageous?

- A) The soil immediately becomes colder.
- B) All seed coats disappear.
- C) There may be more light and less competition.
- D) The seedlings no longer need water.

Prompt: Select the best answer. Which word correctly completes the sentence? The new rule applies to everyone ____ two visiting students.

- A) accept
- B) beside

- C) among
- D) except

ID: HSPT-L3-042

Section: Language

Type: mcq

Category: Language

Skill: Usage

Stimulus ID: None

Prompt: Select the best answer. Which sentence uses the most precise language?

- A) The machine did something strange.
- B) The machine emitted a sharp clicking sound.
- C) The machine was kind of unusual.
- D) The machine had a thing happen.

ID: HSPT-L3-043

Stimulus ID: None

Prompt: Select the best answer. Which revision is most concise?

- A) At this point in time, the store is currently closed.
- B) The store is closed at the present time now.
- C) The store is currently closed now.
- D) The store is currently closed.

STIMULUS START

Stimulus ID: HSPT-L3-S03

Section: Language

Stimulus Type: Editing Passage

Title: Borrowing a Telescope

Text:

(1) Our science club wanted students to observe the night sky without buying expensive equipment. (2) We created a telescope-lending program with help from the public library. (3) Members labeled each case, wrote a one-page setup guide, and practiced checking the lenses for damage. (4) The library now lends the telescopes for three nights at a time. (5) Borrowers also receive a card listing safe places to observe away from bright streetlights. (6) My cousin prefers drawing cartoons after school. (7) Since the program began, families have reported seeing the Moon's craters, Jupiter's largest moons, and bright star clusters.

STIMULUS END

ID: HSPT-L3-044

Section: Language

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L3-S03

Prompt: Select the best answer. Which sentence should be removed because it disrupts the paragraph's unity?

- A) Sentence 2
- B) Sentence 4
- C) Sentence 6
- D) Sentence 7

ID: HSPT-L3-045

Section: Language

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L3-S03

Prompt: Select the best answer. Where should the following sentence be placed? "First-time borrowers can attend a short demonstration before taking a telescope home."

- A) After sentence 1
- B) After sentence 5
- C) After sentence 3
- D) After sentence 7

ANSWER KEY + EXPLANATIONS

VERBAL SKILLS ANSWERS

HSPT-V3-031 — Correct: C — Correct Answer: adaptable — Explanation: Resilient means able to recover or adapt, so adaptable is the closest synonym.

HSPT-V3-032 — Correct: C — Correct Answer: brief — Explanation: Concise writing is brief while still expressing the needed idea.

HSPT-V3-033 — Correct: A — Correct Answer: confirm — Explanation: To verify something is to confirm that it is accurate.

HSPT-V3-034 — Correct: D — Correct Answer: agitated — Explanation: Tranquil means calm; agitated expresses the opposite condition.

HSPT-V3-035 — Correct: A — Correct Answer: contract — Explanation: To contract is to become smaller, the opposite of expand.

HSPT-V3-036 — Correct: D — Correct Answer: temporary — Explanation: Temporary describes something that does not last permanently.

HSPT-V3-037 — Correct: C — Correct Answer: pottery — Explanation: Wool is material made into a sweater, just as clay is material made into pottery.

HSPT-V3-038 — Correct: A — Correct Answer: building — Explanation: A rehearsal plans and prepares a performance; a blueprint plans and guides a building.

HSPT-V3-039 — Correct: D — Correct Answer: rest — Explanation: Water responds to thirst, while rest responds to fatigue.

HSPT-V3-040 — Correct: B — Correct Answer: bronze — Explanation: Bronze is an alloy, whereas copper, iron, and silver are elements.

HSPT-V3-041 — Correct: B — Correct Answer: willow — Explanation: Willow, like cedar, maple, and birch, is a type of tree.

HSPT-V3-042 — Correct: A — Correct Answer: school and fish — Explanation: A flock is a group of birds, and a school is a group of fish.

HSPT-V3-043 — Correct: C — Correct Answer: Some lanterns are polished. — Explanation: The brass lanterns are polished because every brass object in the cabinet is polished.
HSPT-V3-044 — Correct: B — Correct Answer: Thursday — Explanation: Thursday is the only available pottery day Elena can attend.
HSPT-V3-045 — Correct: D — Correct Answer: Y — Explanation: Y must be above Z, which is above W and X, so Y is on top.

QUANTITATIVE SKILLS ANSWERS

HSPT-Q3-027 — Correct: A — Correct Answer: 1 — Explanation: Each term is divided by 3, so $3 \div 3 = 1$.
HSPT-Q3-028 — Correct: D — Correct Answer: 52 — Explanation: The differences are 3, 6, 9, and 12; adding 15 gives 52.
HSPT-Q3-029 — Correct: B — Correct Answer: 16 — Explanation: Two interwoven sequences double: 2, 4, 8, 16 and 5, 10, 20.
HSPT-Q3-030 — Correct: D — Correct Answer: 46 — Explanation: Successive additions are 3, 6, 9, and 12; next add 15 to get 46.
HSPT-Q3-031 — Correct: A — Correct Answer: 170 — Explanation: Fifteen percent of 200 is 30, and $200 - 30 = 170$.
HSPT-Q3-032 — Correct: C — Correct Answer: 60 — Explanation: Each box holds $84 \div 7 = 12$ markers, so five hold 60.
HSPT-Q3-033 — Correct: D — Correct Answer: 5 — Explanation: The known digits total 13; adding 5 makes 18, which is divisible by 9.
HSPT-Q3-034 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: Quantity A is 24, which is less than 30.
HSPT-Q3-035 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: The least common multiple of 6 and 8 is 24, so the quantities are equal.
HSPT-Q3-036 — Correct: A — Correct Answer: Quantity A is greater. — Explanation: Because $p > q$ and both are positive, p/q is greater than 1.
HSPT-Q3-037 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: The side is $28 \div 4 = 7$, so Quantity B is greater.
HSPT-Q3-038 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: The missing angle is $90^\circ - 38^\circ = 52^\circ$, making the quantities equal.
HSPT-Q3-039 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: Using $30 = \frac{1}{2} \times 10 \times h$ gives $h = 6$, which is greater than 5.

READING COMPREHENSION ANSWERS

HSPT-R3-033 — Correct: A — Correct Answer: The plants receive too much afternoon sun. — Explanation: Nia learns that excessive afternoon sun is causing the plants to droop.
HSPT-R3-034 — Correct: B — Correct Answer: She is proud to share the result of her care. — Explanation: Sharing mint lemonade lets Nia show Mrs. Vale that the inherited garden is thriving.
HSPT-R3-035 — Correct: C — Correct Answer: bent downward — Explanation: The leaves bent downward when the plants were struggling.
HSPT-R3-036 — Correct: D — Correct Answer: care passed from one person to another — Explanation: The box carries Mrs. Vale's care forward through Nia's new responsibility.

HSPT-R3-037 — Correct: A — Correct Answer: Accepting responsibility can reveal abilities a person did not expect. — Explanation: Nia’s unexpected success grows from accepting and learning to meet a responsibility.

HSPT-R3-038 — Correct: C — Correct Answer: He sees reflections in the glass door. — Explanation: The glass-door reflection lets Mateo see the brass players behind him.

HSPT-R3-039 — Correct: B — Correct Answer: He now values the perspective the seat provides. — Explanation: Mateo keeps the chair because its unusual viewpoint has become useful and meaningful.

HSPT-R3-040 — Correct: A — Correct Answer: a shift in perspective — Explanation: The same chair changes from a disadvantage to a valued position as Mateo’s perspective changes.

HSPT-R3-041 — Correct: D — Correct Answer: A disadvantage can become useful when viewed creatively. — Explanation: Mateo turns an inconvenient seat into a creative advantage for himself and the orchestra.

HSPT-R3-042 — Correct: B — Correct Answer: It presents a problem, a discovery, and a broader application. — Explanation: Mateo faces interruptions, discovers reflections, and applies that discovery to the concert entrance.

HSPT-R3-043 — Correct: C — Correct Answer: There may be more light and less competition. — Explanation: Fire can remove vegetation, leaving a newly sprouted seed more sunlight and less competition.

HSPT-R3-044 — Correct: A — Correct Answer: To explain how dormancy helps seeds respond to favorable conditions — Explanation: The passage explains dormancy, its environmental triggers, its benefits, and ways people manage it.

HSPT-R3-045 — Correct: D — Correct Answer: Staggered germination reduces the risk of one bad season destroying all seedlings. — Explanation: Seeds remaining dormant can survive to germinate after conditions improve in a later season.

HSPT-R3-046 — Correct: B — Correct Answer: reproduce — Explanation: Gardeners reproduce natural triggers when they scratch, chill, or heat seeds.

HSPT-R3-047 — Correct: D — Correct Answer: A process is explained through causes, examples, and practical applications. — Explanation: The author explains dormancy, illustrates several triggers and benefits, then describes practical uses.

MATHEMATICS ANSWERS

HSPT-M3-033 — Correct: B — Correct Answer: $1\frac{7}{24}$ — Explanation: Using denominator 24 gives $\frac{16}{24} + \frac{15}{24} = \frac{31}{24} = 1\frac{7}{24}$.

HSPT-M3-034 — Correct: A — Correct Answer: 59 — Explanation: Fifty-nine has no positive divisors other than 1 and 59.

HSPT-M3-035 — Correct: B — Correct Answer: 25 — Explanation: $(-6)^2 = 36$ and $|-11| = 11$, so the difference is 25.

HSPT-M3-036 — Correct: D — Correct Answer: 30:48 — Explanation: Multiplying both parts of 5:8 by 6 produces 30:48.

HSPT-M3-037 — Correct: A — Correct Answer: 6 — Explanation: Subtracting $2x$ and 7 gives $2x = 12$, so $x = 6$.

HSPT-M3-038 — Correct: D — Correct Answer: $-a + 8$ — Explanation: Distribute first: $5a - 6a + 8 = -a + 8$.

HSPT-M3-039 — Correct: A — Correct Answer: 5 — Explanation: Set $-5 = -3x + 10$; then $-15 = -3x$, so $x = 5$.

HSPT-M3-040 — Correct: C — Correct Answer: 25 — Explanation: The integers are 23, 24, and 25, whose sum is 72.

HSPT-M3-041 — Correct: B — Correct Answer: 8 — Explanation: The number of sides is $360^\circ \div 45^\circ = 8$.

HSPT-M3-042 — Correct: D — Correct Answer: 44 — Explanation: A side measures $\sqrt{121} = 11$, so the perimeter is $4 \times 11 = 44$.

HSPT-M3-043 — Correct: D — Correct Answer: 84 — Explanation: Volume equals $3 \times 4 \times 7 = 84$ cubic units.

HSPT-M3-044 — Correct: C — Correct Answer: 10 — Explanation: Fifteen feet equals 180 inches, and $180 \div 18 = 10$ pieces.

HSPT-M3-045 — Correct: C — Correct Answer: 42 miles — Explanation: Multiply 3.5 map inches by 12 miles per inch to get 42 miles.

HSPT-M3-046 — Correct: A — Correct Answer: The mode is 7. — Explanation: Seven occurs most often, so it is the mode.

HSPT-M3-047 — Correct: B — Correct Answer: $\frac{3}{28}$ — Explanation: The probability is $\frac{3}{8} \times \frac{2}{7} = \frac{6}{56} = \frac{3}{28}$.

HSPT-M3-048 — Correct: C — Correct Answer: 23 — Explanation: The total is $6 \times 14 = 84$; therefore, the missing number is $84 - 61 = 23$.

LANGUAGE ANSWERS

HSPT-L3-031 — Correct: C — Correct Answer: The bicycle, which has a red frame, is mine. — Explanation: Both commas correctly set off the nonessential which-clause.

HSPT-L3-032 — Correct: B — Correct Answer: The players' uniforms were washed. — Explanation: The uniforms belong to multiple players, so the apostrophe follows the plural noun.

HSPT-L3-033 — Correct: A — Correct Answer: The rain stopped; however, the field remained muddy. — Explanation: A semicolon correctly joins the clauses before the conjunctive adverb however.

HSPT-L3-034 — Correct: A — Correct Answer: We studied the French Revolution in history class. — Explanation: French Revolution is a proper historical event; history is a general subject here.

HSPT-L3-035 — Correct: A — Correct Answer: Aunt Rosa visited Lake Erie in July. — Explanation: The family title with a name, the lake's name, and the month are capitalized.

HSPT-L3-036 — Correct: C — Correct Answer: maintenance — Explanation: Maintenance is the standard spelling.

HSPT-L3-037 — Correct: A — Correct Answer: separate — Explanation: Separate is spelled with an a in its middle syllable.

HSPT-L3-038 — Correct: D — Correct Answer: Jordan and I completed the experiment. — Explanation: I is correctly used as part of the compound subject.

HSPT-L3-039 — Correct: B — Correct Answer: The books that are overdue must be returned. — Explanation: The restrictive that-clause identifies which books and requires no commas.

HSPT-L3-040 — Correct: C — Correct Answer: Walking through the orchard, Lena noticed the ripe apples. — Explanation: Lena logically performs the action of walking, eliminating the dangling modifier.

HSPT-L3-041 — Correct: D — Correct Answer: except — Explanation: Except means excluding, which fits the sentence's meaning.

HSPT-L3-042 — Correct: B — Correct Answer: The machine emitted a sharp clicking sound. — Explanation: Emitted a sharp clicking sound specifies exactly what the machine did.

HSPT-L3-043 — Correct: D — Correct Answer: The store is currently closed. — Explanation: Currently already expresses the time, so adding now or at this point is redundant.

HSPT-L3-044 — Correct: C — Correct Answer: Sentence 6 — Explanation: Sentence 6 concerns cartoons and does not support the telescope-lending topic.

HSPT-L3-045 — Correct: B — Correct Answer: After sentence 5 — Explanation: After sentence 5, the demonstration detail logically follows the information provided to borrowers.

HSPT Practice Exam — Exam 3 — Part D

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt: When a positive integer is divided by 7, the remainder is 5. What is the remainder when 3 is added to that integer?

- A) 0
- B) 1
- C) 2
- D) 3

HSPT-Q3-046

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt: A recipe uses flour and oats in a ratio of 5:2. If 3 cups of oats are used, how many cups of flour are needed?

- A) 7.5
- B) 7
- C) 6
- D) 8.5

HSPT-Q3-047

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: x is a negative number. Quantity A: x^2 . Quantity B: x .

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-048

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: Quantity A: The least common multiple of 6 and 15. Quantity B: 3 times the greatest common factor of 20 and 30.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-049

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: $p + q = 12$. Quantity A: p . Quantity B: q .

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-050

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: Quantity A: The area of a square with perimeter 32 units. Quantity B: The area of a rectangle 10 units long and 6 units wide.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-051

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: An isosceles triangle has a vertex angle of 40° . Quantity A: One base angle. Quantity B: 70° .

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q3-052

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: A rectangular prism has volume 96 cubic units and base area 24 square units.

Quantity A: Its height. Quantity B: 5 units.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

SECTION 3 - READING COMPREHENSION

STIMULUS START

Stimulus ID: HSPT-R3-S10

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: The Quiet Rehearsal

Text:

Mara had practiced the cello solo until even the family cat seemed able to anticipate every note. Yet on the afternoon of the community concert, the rehearsal room felt unfamiliar. Empty chairs faced her like rows of judges, and the polished floor returned each small scrape of her bow.

Mr. Ibarra, the conductor, listened from the back row. Halfway through, Mara missed a shift and stopped. "Again from the beginning?" she asked.

"No," he said. "Begin two measures before the mistake."

Mara frowned but obeyed. The second attempt was no better. On the third, she reached the difficult note cleanly, only to rush the phrase that followed. Mr. Ibarra tapped the seat beside him. "You are treating the mistake like a locked door," he said. "It is only one uneven stone in a long path."

Mara returned to the music, this time beginning several measures earlier. She noticed how the melody gathered energy before the troublesome shift and relaxed afterward. The note no longer seemed like a separate obstacle; it belonged to a larger musical sentence.

That evening, when the audience filled the chairs, Mara still felt nervous. But as she approached the difficult passage, she listened for the melody's direction instead of bracing for one note. Her hand moved without hesitation.

STIMULUS END

HSPT-R3-048

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S10

Prompt: What does Mr. Ibarra first tell Mara to do after she stops?

- A) Rest before trying again
- B) Play the entire solo more slowly
- C) Begin shortly before the mistake
- D) Practice without the bow

HSPT-R3-049

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R3-S10

Prompt: Why does beginning several measures earlier help Mara?

- A) It lets her understand the difficult note as part of the melody.
- B) It gives her hand more time to rest.
- C) It makes the audience seem less intimidating.
- D) It allows Mr. Ibarra to mark the music.

HSPT-R3-050

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R3-S10

Prompt: As used in the passage, "bracing" most nearly means

- A) supporting.
- B) preparing tensely.
- C) decorating.
- D) fastening.

HSPT-R3-051

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R3-S10

Prompt: Mr. Ibarra's comparison of a mistake to an uneven stone mainly emphasizes that the mistake

- A) can damage the whole performance.
- B) should be removed through repetition.
- C) is difficult for every musician.
- D) is a small part of a longer journey.

HSPT-R3-052

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R3-S10

Prompt: Which statement best summarizes the passage?

- A) Mara learns that flawless practice matters more than confidence.
- B) A conductor changes a concert program after a difficult rehearsal.
- C) Mara performs better after viewing a difficult note within the whole phrase.
- D) A young musician discovers that audiences rarely notice mistakes.

STIMULUS START

Stimulus ID: HSPT-R3-S11

Section: Reading Comprehension

Stimulus Type: Scientific Passage

Title: A Forest's Hidden Exchange

Text:

On a tree's roots, certain fungi form threadlike networks called mycorrhizae. These fungi do not merely grow beside the roots; they establish a partnership with the tree. The fungal threads extend far into the surrounding soil, reaching spaces too narrow for most roots. From those spaces, the fungi absorb water and minerals, especially phosphorus, and pass some of these resources to the tree.

The exchange also benefits the fungi. Trees use sunlight to produce sugars through photosynthesis. Some of that sugar travels to the roots and then to the fungi, which cannot make their own food from sunlight. Both partners therefore gain something difficult to obtain alone.

Researchers once described these networks mainly as underground pipelines connecting plants. That comparison can be useful, but it is incomplete. Soil conditions, fungal species, and the health of individual trees all affect what moves through a network. Furthermore, fungi use much of the sugar they receive for their own growth. The relationship is cooperation, not a system in which one organism simply serves another.

Scientists study these partnerships by tracing substances marked with special, detectable forms of elements. Such studies reveal movement through roots and fungi without requiring researchers to dig up and destroy the entire network.

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S11

Prompt: According to the passage, what resource does the tree provide to the fungi?

- A) Sunlight
- B) Sugar
- C) Phosphorus
- D) Oxygen

HSPT-R3-054

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R3-S11

Prompt: What is the main idea of the passage?

- A) Tree roots can enter narrower spaces than fungal threads.
- B) Detectable elements are harmful to underground organisms.
- C) Forest plants compete for every mineral in the soil.
- D) Trees and fungi exchange resources in a complex partnership.

HSPT-R3-055

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R3-S11

Prompt: Why is the pipeline comparison described as incomplete?

- A) The exchanges vary with several biological and environmental conditions.
- B) Fungal networks always move resources in only one direction.
- C) Pipelines are usually found above ground.
- D) Researchers cannot observe any movement in the networks.

HSPT-R3-056

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R3-S11

Prompt: As used in the final paragraph, "tracing" most nearly means

- A) copying a shape.
- B) following the movement of.
- C) discovering the origin of a word.
- D) drawing lightly over.

HSPT-R3-057

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R3-S11

Prompt: How is the passage mainly organized?

- A) It lists competing theories and selects one.
- B) It presents a problem and argues for a legal solution.
- C) It describes an exchange, qualifies a comparison, and explains a research method.
- D) It narrates discoveries in strict chronological order.

STIMULUS START

Stimulus ID: HSPT-R3-S12

Section: Reading Comprehension

Stimulus Type: Biographical-Style Passage

Title: Mapping with Patience

Text:

In the early 1900s, ocean charts could still contain large blank areas. Marie Tharp, born in 1920, would later help transform those blanks into a detailed picture of the seafloor. Working with thousands of depth measurements collected by research ships, she plotted each number by hand along the ships' routes. The task demanded patience: a single voyage could produce long rolls of data, and the measurements formed only narrow paths across a vast ocean.

Tharp compared one route with another, using the scattered lines to infer the landscape between them. Her maps revealed mountain chains, plains, and a deep central valley running through the Mid-Atlantic Ridge. At first, some colleagues doubted the valley because it supported the then-controversial idea that Earth's crust moves. Tharp checked the data rather than removing the feature.

Later, earthquake locations plotted by another researcher lined up with the valley. This independent evidence strengthened the interpretation. When Tharp's seafloor maps were eventually published for broad audiences, they allowed people to see the ocean bottom not as a smooth basin but as a varied landscape.

Her achievement did not come from traveling to every mapped location. It came from recognizing a coherent pattern in measurements gathered by many expeditions—and from trusting careful analysis when an unexpected picture emerged.

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R3-S12

Prompt: What later evidence supported Tharp's interpretation of the central valley?

- A) New photographs of the ocean surface

- B) Reports from coastal communities
- C) Changes in ship design
- D) Earthquake locations aligned with the valley

HSPT-R3-059

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R3-S12

Prompt: Which statement best expresses the central idea of the passage?

- A) Research ships made accurate maps without help from land-based analysts.
- B) Tharp used careful analysis of scattered data to reveal seafloor patterns.
- C) Ocean charts were more complete in the early 1900s than they are today.
- D) Earthquake research replaced the need for depth measurements.

HSPT-R3-060

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R3-S12

Prompt: What can be inferred about Tharp when colleagues doubted the valley?

- A) She preferred familiar explanations to new ones.
- B) She abandoned the map until more voyages occurred.
- C) She valued evidence more than pressure to revise an unexpected result.
- D) She believed every early measurement was exact.

HSPT-R3-061

Title: A Useful School Garden

Text:

(1) An unused courtyard can become a productive school garden. (2) Students can begin by observing how sunlight moves across the space and identifying the areas that receive at least six hours of light. (3) Next, they should test the soil and select plants suited to local conditions. (4) Gardens have appeared in stories and paintings throughout history. (5) Assigning small teams to watering, weeding, and recording growth helps distribute the work. (6) With careful planning, the garden can provide vegetables for cooking projects while also serving as an outdoor science classroom.

STIMULUS END

HSPT-L3-059

Prompt: Which sentence would be the best conclusion to add after sentence 6?

- A) Courtyards are found in many kinds of buildings.
- B) Some vegetables are green, while others are red or yellow.
- C) Science classes often meet at the same time each day.
- D) Thus, one carefully organized space can support both practical learning and the school community.

ANSWER KEY + EXPLANATIONS

VERBAL SKILLS ANSWERS

HSPT-V3-046 — Correct: B — Correct Answer: resolute — Explanation: Steadfast describes someone firm and unwavering, so resolute is the closest synonym.

HSPT-V3-047 — Correct: C — Correct Answer: demanding — Explanation: Arduous describes something requiring great effort, making demanding the closest synonym.

HSPT-V3-048 — Correct: A — Correct Answer: retreat — Explanation: To recede is to move back or away, which matches retreat.

HSPT-V3-049 — Correct: D — Correct Answer: strict — Explanation: Lenient means permissive or not severe, while strict expresses the opposite quality.

HSPT-V3-050 — Correct: B — Correct Answer: orderly — Explanation: Chaotic means disorganized or confused, while orderly means neatly arranged or controlled.

HSPT-V3-051 — Correct: C — Correct Answer: decelerate — Explanation: Accelerate means to increase speed, while decelerate means to decrease speed.

HSPT-V3-052 — Correct: A — Correct Answer: joke — Explanation: Applause is a common response to a performance, just as laughter is a common response to a joke.

HSPT-V3-053 — Correct: B — Correct Answer: account — Explanation: A key grants access through a lock, just as a password grants access to an account.

HSPT-V3-054 — Correct: D — Correct Answer: speaker — Explanation: An easel supports a painter's working material, just as a lectern supports a speaker's notes.

HSPT-V3-055 — Correct: C — Correct Answer: tulip — Explanation: Maple, cedar, and birch are trees, while a tulip is a flowering herbaceous plant.

HSPT-V3-056 — Correct: B — Correct Answer: polka — Explanation: A waltz, tango, foxtrot, and polka are recognized types of dance.

HSPT-V3-057 — Correct: D — Correct Answer: rocks — Explanation: Granite, marble, and slate are all types of rock.

HSPT-V3-058 — Correct: D — Correct Answer: Thursday — Explanation: Photography occurs one day after pottery, so Friday photography requires Thursday pottery.

HSPT-V3-059 — Correct: A — Correct Answer: No bronze token is wooden. — Explanation: Every bronze token is stamped, and no stamped token can be wooden; therefore, no bronze token is wooden.

HSPT-V3-060 — Correct: C — Correct Answer: K — Explanation: The constraints produce the order K, M, J, L, so K must be on top.

QUANTITATIVE SKILLS ANSWERS

HSPT-Q3-040 — Correct: B — Correct Answer: 41 — Explanation: The pattern alternates $\times 3$ and -1 : $14 \times 3 = 42$, then $42 - 1 = 41$.

HSPT-Q3-041 — Correct: D — Correct Answer: 49 — Explanation: The differences increase by 3: $+3$, $+6$, $+9$, $+12$, so the next difference is $+15$; $34 + 15 = 49$.

HSPT-Q3-042 — Correct: C — Correct Answer: $3/64$ — Explanation: Each term is half the preceding term, so half of $3/32$ is $3/64$.

HSPT-Q3-043 — Correct: A — Correct Answer: 48 — Explanation: Increasing 50 by 20% gives 60, and decreasing 60 by 20% gives 48.

HSPT-Q3-044 — Correct: D — Correct Answer: 10 — Explanation: Since $3/5 = 12/20$, $n + 2 = 12$ and $n = 10$.

HSPT-Q3-045 — Correct: B — Correct Answer: 1 — Explanation: Adding 3 to a number with remainder 5 gives remainder 8, which is remainder 1 after division by 7.

HSPT-Q3-046 — Correct: A — Correct Answer: 7.5 — Explanation: The scale factor is $3 \div 2 = 1.5$, so the flour amount is $5 \times 1.5 = 7.5$ cups.

HSPT-Q3-047 — Correct: A — Correct Answer: Quantity A is greater. — Explanation: For every negative x , x^2 is positive while x is negative, so Quantity A is greater.

HSPT-Q3-048 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: $\text{LCM}(6, 15) = 30$, while $3 \times \text{GCF}(20, 30) = 3 \times 10 = 30$.

HSPT-Q3-049 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: The sum is fixed, but p may be greater than, less than, or equal to q .

HSPT-Q3-050 — Correct: A — Correct Answer: Quantity A is greater. — Explanation: The square's side is 8, so its area is 64; the rectangle's area is 60.

HSPT-Q3-051 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: The equal base angles total 140° , so each measures 70° .

HSPT-Q3-052 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: The prism's height is $96 \div 24 = 4$ units, which is less than 5 units.

READING COMPREHENSION ANSWERS

HSPT-R3-048 — Correct: C — Correct Answer: Begin shortly before the mistake — Explanation: Mr. Ibarra tells Mara to begin two measures before the mistake.

HSPT-R3-049 — Correct: A — Correct Answer: It lets her understand the difficult note as part of the melody. — Explanation: Starting earlier helps Mara hear how the phrase gathers and relaxes around the difficult shift.

HSPT-R3-050 — Correct: B — Correct Answer: preparing tensely. — Explanation: Mara anticipates the note with tension, so bracing means preparing tensely.

HSPT-R3-051 — Correct: D — Correct Answer: is a small part of a longer journey. — Explanation: The uneven-stone metaphor presents the mistake as one minor obstacle along an extended path.

HSPT-R3-052 — Correct: C — Correct Answer: Mara performs better after viewing a difficult note within the whole phrase. — Explanation: The passage centers on Mara overcoming one troublesome shift by hearing its place in the complete musical phrase.

HSPT-R3-053 — Correct: B — Correct Answer: Sugar — Explanation: The passage states that trees make sugars and pass some of that resource to fungi through their roots.

HSPT-R3-054 — Correct: D — Correct Answer: Trees and fungi exchange resources in a complex partnership. — Explanation: The entire passage explains the mutual resource exchange and the factors that make it complex.

HSPT-R3-055 — Correct: A — Correct Answer: The exchanges vary with several biological and environmental conditions. — Explanation: The passage says soil, fungal species, and tree health all influence what moves through the network.

HSPT-R3-056 — Correct: B — Correct Answer: following the movement of. — Explanation: Researchers mark substances so they can follow their movement through roots and fungi.

HSPT-R3-057 — Correct: C — Correct Answer: It describes an exchange, qualifies a comparison, and explains a research method. — Explanation: The paragraphs proceed from partnership, to limitations of the pipeline comparison, to a method for studying movement.

HSPT-R3-058 — Correct: D — Correct Answer: Earthquake locations aligned with the valley — Explanation: The passage directly states that independently plotted earthquake locations lined up with the central valley.

HSPT-R3-059 — Correct: B — Correct Answer: Tharp used careful analysis of scattered data to reveal seafloor patterns. — Explanation: The passage emphasizes how Tharp combined separate measurements to map a coherent, previously unseen landscape.

HSPT-R3-060 — Correct: C — Correct Answer: She valued evidence more than pressure to revise an unexpected result. — Explanation: Instead of removing the disputed valley, Tharp rechecked the data and retained the evidence-based feature.

HSPT-R3-061 — Correct: A — Correct Answer: logically connected. — Explanation: Coherent describes how scattered measurements formed a logically connected overall pattern.

HSPT-R3-062 — Correct: D — Correct Answer: the expansion of knowledge about the seafloor. — Explanation: The contrast shows the shift from missing information to a detailed understanding of underwater terrain.

MATHEMATICS ANSWERS

HSPT-M3-049 — Correct: A — Correct Answer: $\frac{1}{2}$ — Explanation: The midpoint is the average: $(\frac{2}{5} + \frac{3}{5}) \div 2 = 1 \div 2 = \frac{1}{2}$.

HSPT-M3-050 — Correct: B — Correct Answer: 72 — Explanation: Using prime factors, $8 = 2^3$, $12 = 2^2 \times 3$, and $18 = 2 \times 3^2$, so the LCM is $2^3 \times 3^2 = 72$.

HSPT-M3-051 — Correct: B — Correct Answer: 15% — Explanation: The decrease is \$12, and $12 \div 80 = 0.15 = 15\%$.

HSPT-M3-052 — Correct: D — Correct Answer: 10 — Explanation: $f(-2) = (-2)^2 - 3(-2) = 4 + 6 = 10$.

HSPT-M3-053 — Correct: A — Correct Answer: $3x - 17$ — Explanation: Distribute and combine like terms: $8x - 12 - 5x - 5 = 3x - 17$.

HSPT-M3-054 — Correct: B — Correct Answer: 5 — Explanation: Subtract the \$6 fee: $\$51 - \$6 = \$45$; then $\$45 \div \$9 = 5$ tickets.

HSPT-M3-055 — Correct: D — Correct Answer: $y < -4$ — Explanation: Subtract 7 to get $-2y > 8$; dividing by -2 reverses the inequality, giving $y < -4$.

HSPT-M3-056 — Correct: B — Correct Answer: 8 — Explanation: Exterior angles total 360° , so the polygon has $360 \div 45 = 8$ sides.

HSPT-M3-057 — Correct: C — Correct Answer: $49\pi \text{ cm}^2$ — Explanation: From $2\pi r = 14\pi$, $r = 7$; therefore, the area is $\pi r^2 = 49\pi$ square centimeters.

HSPT-M3-058 — Correct: A — Correct Answer: 15 units — Explanation: By the Pythagorean theorem, $\sqrt{9^2 + 12^2} = \sqrt{225} = 15$.

HSPT-M3-059 — Correct: C — Correct Answer: 56 mph — Explanation: Two hours 15 minutes equals 2.25 hours, and $126 \div 2.25 = 56$ mph.

HSPT-M3-060 — Correct: C — Correct Answer: 104 ft^2 — Explanation: Total area is 216; the inner garden is $14 \times 8 = 112$, so the path is $216 - 112 = 104$ square feet.

HSPT-M3-061 — Correct: C — Correct Answer: 9 — Explanation: Two gallons equal 8 quarts; adding 1 quart gives 9 quarts.

HSPT-M3-062 — Correct: D — Correct Answer: 12 — Explanation: Since x must exceed 11, the ordered list still has 11 as its middle value; among the choices, only 12 qualifies.

HSPT-M3-063 — Correct: A — Correct Answer: $1/16$ — Explanation: The probability of blue on each draw is $3/12 = 1/4$; with replacement, $1/4 \times 1/4 = 1/16$.

HSPT-M3-064 — Correct: D — Correct Answer: 24 — Explanation: The original total is $6 \times 14 = 84$; the remaining total is $5 \times 12 = 60$, so $84 - 60 = 24$.

LANGUAGE ANSWERS

HSPT-L3-046 — Correct: A — Correct Answer: The storm ended; however, the roads remained flooded. — Explanation: A semicolon correctly separates the independent clauses, and commas set off the conjunctive adverb however.

HSPT-L3-047 — Correct: C — Correct Answer: The exhibit includes three collections: fossils, shells, and minerals. — Explanation: A colon correctly introduces a list after the complete independent clause.

HSPT-L3-048 — Correct: B — Correct Answer: My aunt studies French and history at college. — Explanation: Language names are capitalized, while general school subjects and common nouns are lowercase.

HSPT-L3-049 — Correct: A — Correct Answer: The museum is west of Lake Michigan near the Wisconsin border. — Explanation: Lake Michigan and Wisconsin are proper geographic names; west and border are common terms here.

HSPT-L3-050 — Correct: D — Correct Answer: occasionally — Explanation: Occasionally is correctly spelled with double c, single s, and double l.

HSPT-L3-051 — Correct: C — Correct Answer: The speaker's argument was persuasive. — Explanation: Persuasive is misspelled; the correct spelling is persuasive.

HSPT-L3-052 — Correct: B — Correct Answer: knowledgeable — Explanation: Knowledgeable is the correctly spelled adjective meaning well informed.

HSPT-L3-053 — Correct: D — Correct Answer: Neither of the bicycles needs new tires. — Explanation: The singular subject neither requires the singular verb needs.

HSPT-L3-054 — Correct: A — Correct Answer: Walking through the orchard, Elena noticed the ripe apples. — Explanation: The introductory phrase now logically modifies Elena, the person walking through the orchard.

HSPT-L3-055 — Correct: C — Correct Answer: The internship required arriving early, taking careful notes, and asking questions. — Explanation: All three items use parallel gerund phrases.

HSPT-L3-056 — Correct: D — Correct Answer: The scientist pipetted the liquid into the narrow tube. — Explanation: Pipetted precisely names the action and instrument-based method instead of using a vague verb.

HSPT-L3-057 — Correct: B — Correct Answer: The library is closed now. — Explanation: This sentence communicates the complete idea without redundant expressions of time.

HSPT-L3-058 — Correct: C — Correct Answer: however — Explanation: However signals the contrast between the design's low cost and its inadequate strength.

HSPT-L3-059 — Correct: A — Correct Answer: Sentence 4 — Explanation: The reference to gardens in art and stories does not contribute to the practical plan for creating a school garden.

HSPT-L3-060 — Correct: D — Correct Answer: Thus, one carefully organized space can support both practical learning and the school community. — Explanation: This conclusion unifies the passage's ideas about planning, useful work, food projects, and science learning.
