

HSPT Practice Exam — Exam 4 — Part A

Filename: hspt\_full\_exam\_04parta.txt

Exam Family: HSPT

Exam Number: 4

Exam Part: A

Question Count: 75

QUESTIONS

SECTION 1 - VERBAL SKILLS

HSPT-V4-001

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Synonyms

Stimulus ID: None

Prompt: Choose the best response. Which word is closest in meaning to reluctant?

- A) unwilling
- B) cheerful
- C) exact
- D) temporary

HSPT-V4-002

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Synonyms

Stimulus ID: None

Prompt: Choose the best response. Which word is closest in meaning to preserve?

- A) scatter
- B) protect
- C) predict
- D) exchange

HSPT-V4-003

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Synonyms

Stimulus ID: None

Prompt: Choose the best response. Which word is closest in meaning to evident?

- A) flexible
- B) distant
- C) obvious
- D) complete

HSPT-V4-004

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Antonyms

Stimulus ID: None

Prompt: Choose the best response. Which word is most nearly opposite in meaning to scarce?

- A) uneven
- B) costly
- C) useful
- D) plentiful

HSPT-V4-005

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Antonyms

Stimulus ID: None

Prompt: Choose the best response. Which word is most nearly opposite in meaning to rigid?

- A) flexible
- B) narrow
- C) solid
- D) polished

HSPT-V4-006

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Antonyms

Stimulus ID: None

Prompt: Choose the best response. Which word is most nearly opposite in meaning to conceal?

- A) collect
- B) reveal
- C) repair
- D) observe

HSPT-V4-007

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Analogies

Stimulus ID: None

Prompt: Choose the best response. Blueprint is to building as recipe is to \_\_\_\_.

- A) kitchen
- B) ingredient
- C) meal
- D) chef

HSPT-V4-008

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Analogies

Stimulus ID: None

Prompt: Choose the best response. Wool is to sheep as silk is to \_\_\_\_.

- A) thread
- B) moth
- C) fabric
- D) silkworm

HSPT-V4-009

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Analogies

Stimulus ID: None

Prompt: Choose the best response. Evaporation is to liquid as melting is to \_\_\_\_.

- A) solid
- B) heat
- C) gas
- D) freezing

HSPT-V4-010

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Classification

Stimulus ID: None

Prompt: Choose the best response. Which word does not belong with the others?

- A) prairie
- B) harbor
- C) tundra
- D) desert

HSPT-V4-011

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Classification

Stimulus ID: None

Prompt: Choose the best response. Which word belongs with sonnet, haiku, and limerick?

- A) canvas
- B) chapter
- C) ballad
- D) speech

HSPT-V4-012

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Classification

Stimulus ID: None

Prompt: Choose the best response. Which pair has the same relationship as kennel and dog?

- A) feather and bird
- B) saddle and horse
- C) field and farmer
- D) hive and bee

HSPT-V4-013

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Logical Reasoning

Stimulus ID: None

Prompt: Choose the best response. All objects in cabinet P are metal. No metal object in the workshop is transparent. Which conclusion must be true?

- A) No object in cabinet P is transparent.
- B) Some transparent objects are in cabinet P.
- C) Every metal object is in cabinet P.
- D) Cabinet P itself is metal.

HSPT-V4-014

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Logical Reasoning

Stimulus ID: None

Prompt: Choose the best response. Four exhibits—W, X, Y, and Z—open on consecutive days. X opens before W. Z opens immediately after W. Y opens before X. Which exhibit opens third?

- A) X
- B) W
- C) Y
- D) Z

HSPT-V4-015

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Logical Reasoning

Stimulus ID: None

Prompt: Choose the best response. A code is approved only if it contains a digit and ends with K. Code R contains a digit but does not end with K. What must be true?

- A) Code R begins with K.

- B) Every unapproved code lacks a digit.
- C) Code R is not approved.
- D) Code R contains exactly one digit.

## SECTION 2 - QUANTITATIVE SKILLS

HSPT-Q4-001

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt: Choose the best response. What number comes next? 90, 81, 69, 54, 36, \_\_\_\_

- A) 15
- B) 12
- C) 18
- D) 21

HSPT-Q4-002

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt: Choose the best response. What number comes next? 4, 12, 6, 18, 9, 27, \_\_\_\_

- A) 12
- B) 13.5
- C) 18
- D) 40.5

HSPT-Q4-003

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt: Choose the best response. What number comes next? 1, 4, 10, 19, 31, \_\_\_\_

- A) 43
- B) 45
- C) 46
- D) 49

HSPT-Q4-004

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt: Choose the best response. What number comes next? 2, 3, 6, 11, 18, \_\_\_\_

- A) 25
- B) 28
- C) 29
- D) 27

HSPT-Q4-005

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt: Choose the best response. A price after a 20% discount is \$68. What was the original price?

- A) \$85
- B) \$81.60
- C) \$88
- D) \$136

HSPT-Q4-006

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt: Choose the best response. When a number is divided by 7, the quotient is 8 and the remainder is 5. What is the number?

- A) 51
- B) 61
- C) 56
- D) 91

HSPT-Q4-007

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt: Choose the best response. The ratio of red beads to white beads is 5:3. If there are 32 beads total, how many are white?

- A) 8
- B) 12
- C) 15
- D) 20

HSPT-Q4-008

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: Choose the best response. Quantity A:  $\frac{5}{6} - \frac{1}{4}$ . Quantity B:  $\frac{7}{12}$ .

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-009

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: Choose the best response.  $n$  is an integer greater than 4. Quantity A:  $3n$ . Quantity B:  $n + 8$ .

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-010

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt: Choose the best response.  $p$  and  $q$  are positive, and  $pq = 24$ . Quantity A:  $p + q$ . Quantity B: 10.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-011

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: Choose the best response. A circle has diameter 14. Quantity A: its radius. Quantity B: 7.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-012

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: Choose the best response. A regular hexagon has side length 4. Quantity A: its perimeter. Quantity B: 25.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-013

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt: Choose the best response. A rectangle has perimeter 30 and length  $x$ . Quantity A: its width. Quantity B: 6.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

### SECTION 3 - READING COMPREHENSION

#### STIMULUS START

Stimulus ID: HSPT-R4-S01

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: The Last Clay Whistle

Text:

Nico had promised to help pack his aunt's pottery studio before the building changed owners. Most shelves emptied quickly, but one held dozens of small clay whistles shaped like birds. Years earlier, Aunt Leena had sold them at every spring market. Now several were chipped, and none had price tags.

Nico suggested wrapping them all. His aunt shook her head. Moving boxes were nearly full, and the new studio had less storage. She selected one blue whistle, tested its clear note, and placed it beside the tape. The rest, she said, could become fresh clay if soaked and worked again.

The idea startled Nico. He had treated each bird as a finished memory. Aunt Leena treated the clay as material still capable of change. Together they removed bits of glaze and lowered the plain whistles into a bucket. The sharp outlines slowly softened beneath the water.

Before leaving, Nico wrapped the blue bird in newspaper. He no longer saw the bucket as a container of ruined keepsakes. It held tomorrow's bowls, tiles, or perhaps another flock of whistles—forms no one had imagined yet.

STIMULUS END

HSPT-R4-001

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S01

Prompt: Choose the best response. Why can Aunt Leena not keep every whistle?

- A) Her moving boxes are nearly full, and the new studio has less storage.
- B) The whistles belong to the building owner.
- C) Nico refuses to wrap them.
- D) The market has forbidden their sale.

HSPT-R4-002

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S01

Prompt: Choose the best response. Why is Nico initially startled by soaking the whistles?

- A) He believes water will make them whistle louder.
- B) He thinks of them as completed memories rather than reusable material.
- C) He plans to sell every bird that day.
- D) He has never seen clay before.

HSPT-R4-003

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R4-S01

Prompt: Choose the best response. As used in paragraph 3, plain most nearly means \_\_\_\_.

- A) ordinary in shape
- B) easy to understand
- C) unglazed
- D) unattractive

HSPT-R4-004

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R4-S01

Prompt: Choose the best response. The bucket of softened clay mainly symbolizes \_\_\_\_.

- A) the danger of forgetting family promises
- B) the high cost of moving supplies
- C) the end of Aunt Leena's career
- D) the possibility of creating something new from the past

HSPT-R4-005

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R4-S01

Prompt: Choose the best response. Which statement best expresses the story's central idea?

- A) Letting an object change can preserve its value in a new form.
- B) Every handmade object should be stored forever.
- C) Moving is easier when relatives work alone.
- D) Artists should create only useful objects.

STIMULUS START

Stimulus ID: HSPT-R4-S02

Section: Reading Comprehension

Stimulus Type: Informational Passage

Title: Why Some Seeds Wait

Text:

A seed may appear inactive, yet it contains a living embryo and a supply of stored food. Many seeds begin growing when moisture, oxygen, and a suitable temperature occur together. Others remain dormant even when these basic conditions seem favorable.

Dormancy can prevent a seed from sprouting at a dangerous time. Some desert plants produce seeds with coatings that water cannot easily enter. Months of weathering may weaken the coating, delaying growth until rainfall is more likely to continue. Certain forest seeds respond to a period of winter cold. This requirement helps keep them from sprouting during a brief warm spell in autumn.

Fire can also provide a signal. In several plant species, heat cracks a hard seed coat, while chemicals in smoke trigger changes inside the seed. Such adaptations allow new plants to emerge after flames have opened sunny space and returned nutrients to the soil.

Dormancy is therefore not simply a failure to grow. It is a timing strategy. By responding to particular environmental cues, seeds improve the chance that fragile seedlings will encounter conditions they can survive.

STIMULUS END

HSPT-R4-006

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S02

Prompt: Choose the best response. Which three basic conditions help many seeds begin growing?

- A) Smoke, darkness, and salt
- B) Moisture, oxygen, and suitable temperature
- C) Cold, wind, and deep soil
- D) Sunlight, insects, and fertilizer

HSPT-R4-007

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S02

Prompt: Choose the best response. How can winter cold help certain forest seeds?

- A) It permanently hardens their coats.
- B) It supplies stored food to embryos.
- C) It prevents sprouting during a brief autumn warm spell.
- D) It removes all moisture from the soil.

HSPT-R4-008

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S02

Prompt: Choose the best response. Why might fire-triggered seeds benefit after a fire?

- A) Their embryos no longer need oxygen.
- B) Their roots can grow without water.
- C) Their coats become completely fireproof.
- D) They face more sunlight and nutrients with less competition.

HSPT-R4-009

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R4-S02

Prompt: Choose the best response. As used in the last paragraph, cues most nearly means \_\_\_\_\_.

- A) signals
- B) barriers
- C) supplies
- D) measurements

HSPT-R4-010

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R4-S02

Prompt: Choose the best response. How is the passage mainly organized?

- A) It compares two experiments in chronological order.
- B) It explains dormancy, gives examples of triggers, and states its survival advantage.
- C) It lists seeds from smallest to largest.
- D) It argues that all seeds require fire.

#### STIMULUS START

Stimulus ID: HSPT-R4-S03

Section: Reading Comprehension

Stimulus Type: Reflective Passage

Title: The Value of a Draft

Text:

A first draft is often judged by what it lacks. Its opening may wander, its evidence may be thin, and its conclusion may arrive too quickly. Because the finished work looks smoother, the rough version can seem like an embarrassing stage best hidden from view.

Yet a draft performs a different job from a final piece. It makes thought visible. Once an idea exists on a page, a writer can test its order, notice gaps, and discover connections that silent planning did not reveal. Crossed-out sentences are not proof that writing failed; they record decisions.

This principle reaches beyond essays. An engineer's early model exposes weaknesses before expensive materials are used. A musician's rehearsal uncovers an awkward transition. In each case, the unfinished version creates a safe place for correction.

Improvement still requires discipline. Repeating the same attempt without reflection is not revision. The maker must compare the result with the goal and decide what to change. A draft has value not because imperfection is automatically admirable, but because visible imperfection gives purposeful work somewhere to begin.

#### STIMULUS END

HSPT-R4-011

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S03

Prompt: Choose the best response. According to the passage, what can an engineer's early model reveal?

- A) The exact price of every material
- B) Whether an essay needs more evidence
- C) Weaknesses before costly materials are used
- D) How an audience will applaud

HSPT-R4-012

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R4-S03

Prompt: Choose the best response. What is the author's central claim?

- A) A polished result should display every earlier mistake.
- B) Planning silently is always better than drafting.
- C) Imperfection alone guarantees creativity.
- D) Unfinished work is valuable when it makes problems visible for thoughtful revision.

HSPT-R4-013

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S03

Prompt: Choose the best response. What does the author imply about crossing out a sentence?

- A) It may show that a writer evaluated and improved an idea.
- B) It proves the writer had no plan.
- C) It should be avoided in every first draft.
- D) It makes the final piece less organized.

HSPT-R4-014

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R4-S03

Prompt: Choose the best response. The examples of an engineer and a musician primarily serve as \_\_\_\_.

- A) statistics proving that drafts save money
- B) analogies extending the idea beyond writing
- C) contrasts showing that writing is easier
- D) definitions of technical vocabulary

HSPT-R4-015

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R4-S03

Prompt: Choose the best response. Which word best describes the author's tone?

- A) sarcastic
- B) fearful

- C) reasoned
- D) nostalgic

HSPT-R4-016

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R4-S03

Prompt: Choose the best response. As used in paragraph 2, thin most nearly means \_\_\_\_.

- A) narrow in width
- B) quietly spoken
- C) widely scattered
- D) insufficient

#### SECTION 4 - MATHEMATICS

HSPT-M4-001

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Numbers and Numeration

Stimulus ID: None

Prompt: Choose the best response. What is the value of  $|-17| - |6 - 14|$ ?

- A) 9
- B) -25
- C) 11
- D) 25

HSPT-M4-002

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Numbers and Numeration

Stimulus ID: None

Prompt: Choose the best response. Which number is greatest?

- A) 0.72
- B)  $11/15$
- C) 71%
- D)  $7/10$

HSPT-M4-003

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Numbers and Numeration

Stimulus ID: None

Prompt: Choose the best response. What is the greatest common factor of 84 and 126?

- A) 14
- B) 21
- C) 42
- D) 252

HSPT-M4-004

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Numbers and Numeration

Stimulus ID: None

Prompt: Choose the best response. A jar is  $\frac{3}{5}$  full. After 18 ounces are added, it is  $\frac{9}{10}$  full. What is the jar's capacity?

- A) 30 ounces
- B) 45 ounces
- C) 90 ounces
- D) 60 ounces

HSPT-M4-005

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Algebra

Stimulus ID: None

Prompt: Choose the best response. Solve  $5 - 2(3x - 4) = -17$ .

- A) 5
- B) 3
- C) 4
- D) 6

HSPT-M4-006

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Algebra

Stimulus ID: None

Prompt: Choose the best response. If  $f(t) = t^2 - 3t$ , what is  $f(-2)$ ?

- A) -10
- B) 10
- C) 2
- D) 14

HSPT-M4-007

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Algebra

Stimulus ID: None

Prompt: Choose the best response. A line follows  $y = -2x + 7$ . If  $y = -5$ , what is  $x$ ?

- A) -6
- B) 1
- C) 6
- D) 12

HSPT-M4-008

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Algebra

Stimulus ID: None

Prompt: Choose the best response. The length of a rectangle is 3 more than twice its width. Its perimeter is 42. What is the width?

- A) 5
- B) 7
- C) 9
- D) 6

HSPT-M4-009

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Geometry

Stimulus ID: None

Prompt: Choose the best response. Each exterior angle of a regular polygon measures  $45^\circ$ . How many sides does the polygon have?

- A) 8
- B) 6
- C) 10
- D) 12

HSPT-M4-010

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Geometry

Stimulus ID: None

Prompt: Choose the best response. A circle has circumference 31.4 units. Using 3.14 for  $\pi$ , what is its diameter?

- A) 5 units
- B) 10 units
- C) 15.7 units
- D) 20 units

HSPT-M4-011

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Geometry

Stimulus ID: None

Prompt: Choose the best response. A rectangular prism measures 3 by 4 by 8. What is its surface area?

- A) 96 square units
- B) 112 square units
- C) 136 square units
- D) 192 square units

HSPT-M4-012

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Measurement

Stimulus ID: None

Prompt: Choose the best response. A cyclist travels 18 miles in 1 hour 12 minutes. What is the average speed?

- A) 12 miles per hour
- B) 18 miles per hour
- C) 21.6 miles per hour
- D) 15 miles per hour

HSPT-M4-013

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Measurement

Stimulus ID: None

Prompt: Choose the best response. A package has a mass of 2.35 kilograms. What is its mass in grams?

- A) 2,350 grams
- B) 23.5 grams
- C) 235 grams
- D) 23,500 grams

HSPT-M4-014

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Statistics, Data, or Basic Probability

Stimulus ID: None

Prompt: Choose the best response. The values 4, 7, 7, 9, 13, and 14 are recorded. What is the range minus the mode?

- A) -3
- B) 3
- C) 7
- D) 10

HSPT-M4-015

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Statistics, Data, or Basic Probability

Stimulus ID: None

Prompt: Choose the best response. A spinner has eight equal sections numbered 1 through 8. What is the probability of landing on a prime number?

A)  $\frac{3}{8}$

B)  $\frac{5}{8}$

C)  $\frac{1}{2}$

D)  $\frac{3}{4}$

HSPT-M4-016

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Statistics, Data, or Basic Probability

Stimulus ID: None

Prompt: Choose the best response. A class survey reports 12 walk, 9 bus, 6 bicycle, and 3 car trips. If one response is chosen at random, what is the probability it is bus or bicycle?

A)  $\frac{2}{5}$

B)  $\frac{3}{5}$

C)  $\frac{5}{6}$

D)  $\frac{1}{2}$

## SECTION 5 - LANGUAGE

HSPT-L4-001

Section: Language

Type: mcq

Category: Language

Skill: Punctuation

Stimulus ID: None

Prompt: Choose the best response. Which sentence correctly punctuates a direct quotation?

A) Mina asked, "Is the telescope ready?"

B) Mina asked "Is the telescope ready"?

C) Mina asked, "Is the telescope ready".

D) Mina asked "Is the telescope ready?"

HSPT-L4-002

Section: Language

Type: mcq

Category: Language

Skill: Punctuation

Stimulus ID: None

Prompt: Choose the best response. Which sentence correctly joins two closely related independent clauses?

- A) The rain stopped, the championship game continued.
- B) The rain stopped; the championship game continued.
- C) The rain stopped: and the championship game continued.
- D) The rain stopped the championship game; continued.

HSPT-L4-003

Section: Language

Type: mcq

Category: Language

Skill: Punctuation

Stimulus ID: None

Prompt: Choose the best response. Which sentence is punctuated correctly?

- A) My brother who lives in Denver, designs bridges.
- B) My brother who, lives in Denver designs bridges.
- C) My brother, who lives in Denver, designs bridges.
- D) My brother who lives in Denver designs, bridges.

HSPT-L4-004

Section: Language

Type: mcq

Category: Language

Skill: Capitalization

Stimulus ID: None

Prompt: Choose the best response. Which sentence is capitalized correctly?

- A) Professor chen teaches Biology at Westfield Academy.
- B) professor Chen teaches biology at westfield academy.
- C) Professor Chen teaches Biology at Westfield academy.
- D) Professor Chen teaches biology at Westfield Academy.

HSPT-L4-005

Section: Language

Type: mcq

Category: Language

Skill: Capitalization

Stimulus ID: None

Prompt: Choose the best response. Which sentence is capitalized correctly?

- A) We crossed the Pacific Ocean before arriving in New Zealand.
- B) We crossed the pacific ocean before arriving in New Zealand.
- C) We crossed the Pacific ocean before arriving in new zealand.
- D) We crossed the pacific Ocean before arriving in New zealand.

HSPT-L4-006

Section: Language

Type: mcq

Category: Language

Skill: Spelling

Stimulus ID: None

Prompt: Choose the best response. Choose the correctly spelled word meaning “able to be relied upon.”

- A) dependable
- B) dependable
- C) depandable
- D) dependabel

HSPT-L4-007

Section: Language

Type: mcq

Category: Language

Skill: Spelling

Stimulus ID: None

Prompt: Choose the best response. Which sentence contains a misspelled word?

- A) The audience remained attentive.
- B) The schedule changed unexpectedly.
- C) The speaker gave a brief recomendation.
- D) The volunteers organized the supplies.

HSPT-L4-008

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt: Choose the best response. Which sentence has correct subject-verb agreement?

- A) Neither the drums nor the piano are available.
- B) Neither the drums nor the piano were available now.
- C) Neither the drums nor the piano be available.
- D) Neither the drums nor the piano is available.

HSPT-L4-009

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt: Choose the best response. Which sentence is complete and correctly formed?

- A) Although the road was steep, the hikers maintained their pace.
- B) Although the road was steep.
- C) The road was steep, the hikers maintained their pace.
- D) Maintaining their pace although the steep road.

HSPT-L4-010

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt: Choose the best response. Which sentence uses parallel structure correctly?

- A) The internship required filing records, to answer calls, and greeting visitors.
- B) The internship required filing records, answering calls, and greeting visitors.
- C) The internship required records to be filed, answering calls, and visitors were greeted.
- D) The internship required to file records, calls were answered, and greeting visitors.

HSPT-L4-011

Section: Language

Type: mcq

Category: Language

Skill: Usage

Stimulus ID: None

Prompt: Choose the best response. Which word correctly completes the sentence? The hikers packed \_\_\_\_ water than they needed.

- A) many
- B) muchest
- C) more
- D) most

HSPT-L4-012

Section: Language

Type: mcq

Category: Language

Skill: Usage

Stimulus ID: None

Prompt: Choose the best response. Which transition best completes the sentence? The first design was inexpensive; \_\_\_\_, it could not support enough weight.

- A) therefore
- B) similarly
- C) for example
- D) however

STIMULUS START

Stimulus ID: HSPT-L4-S01

Section: Language

Stimulus Type: Editing Passage

Title: A Better Lunch Line

Text:

(1) Students at Brookside School often spent most of lunch waiting to buy food. (2) The student council observed the line for one week and found that choosing a meal at the counter caused the longest delays. (3) Council members suggested posting the menu near the entrance so students could decide earlier. (4) The cafeteria serves soup on Thursdays. (5) They also proposed a separate station for students buying only drinks. (6) After the changes, the average wait fell by four minutes. (7) Careful observation and two simple adjustments gave students more time to eat and talk.

## STIMULUS END

HSPT-L4-013

Section: Language

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L4-S01

Prompt: Choose the best response. Which sentence should be removed because it does not support the passage's main focus?

- A) Sentence 4
- B) Sentence 2
- C) Sentence 5
- D) Sentence 6

HSPT-L4-014

Section: Language

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L4-S01

Prompt: Choose the best response. Which sentence would best introduce the passage?

- A) School lunches contain many different foods.
- B) Student councils meet throughout the year.
- C) A small investigation helped students solve a frustrating cafeteria problem.
- D) Some students prefer to bring lunch from home.

HSPT-L4-015

Section: Language

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L4-S01

Prompt: Choose the best response. Which revision best combines sentences 2 and 3?

- A) The council observed the line, and one week was long, with the menu at the entrance.
- B) Counter decisions caused delays, the council suggested a menu and observed them.
- C) Posting the menu, the longest delays were observed by the council near the entrance.
- D) After observing that counter decisions caused the longest delays, council members suggested posting the menu near the entrance.

## ANSWER KEY + EXPLANATIONS

### VERBAL SKILLS ANSWERS

HSPT-V4-001 — Correct: A — Correct Answer: unwilling — Explanation: Reluctant means hesitant or unwilling to act.

HSPT-V4-002 — Correct: B — Correct Answer: protect — Explanation: To preserve something is to protect it from harm or loss.

HSPT-V4-003 — Correct: C — Correct Answer: obvious — Explanation: Evident means clear or obvious.

HSPT-V4-004 — Correct: D — Correct Answer: plentiful — Explanation: Scarce means limited in supply; plentiful means abundant.

HSPT-V4-005 — Correct: A — Correct Answer: flexible — Explanation: Rigid means stiff or unyielding; flexible means able to bend or adapt.

HSPT-V4-006 — Correct: B — Correct Answer: reveal — Explanation: To conceal is to hide; to reveal is to make known or visible.

HSPT-V4-007 — Correct: C — Correct Answer: meal — Explanation: A blueprint provides a plan for a building; a recipe provides a plan for a meal.

HSPT-V4-008 — Correct: D — Correct Answer: silkworm — Explanation: Wool comes from sheep; silk is produced by silkworms.

HSPT-V4-009 — Correct: A — Correct Answer: solid — Explanation: Evaporation changes a liquid; melting changes a solid.

HSPT-V4-010 — Correct: B — Correct Answer: harbor — Explanation: Prairie, tundra, and desert are land biomes; a harbor is a sheltered body of water.

HSPT-V4-011 — Correct: C — Correct Answer: ballad — Explanation: All four are recognized forms of poetry.

HSPT-V4-012 — Correct: D — Correct Answer: hive and bee — Explanation: A kennel houses a dog; a hive houses a bee colony.

HSPT-V4-013 — Correct: A — Correct Answer: No object in cabinet P is transparent. — Explanation: Because every cabinet-P object is metal and no workshop metal object is transparent, none of those objects is transparent.

HSPT-V4-014 — Correct: B — Correct Answer: W — Explanation: The only order satisfying all constraints is Y, X, W, Z.

HSPT-V4-015 — Correct: C — Correct Answer: Code R is not approved. — Explanation: Ending with K is necessary for approval, so a code lacking that ending cannot be approved.

#### QUANTITATIVE SKILLS ANSWERS

HSPT-Q4-001 — Correct: A — Correct Answer: 15 — Explanation: The differences are -9, -12, -15, -18, then -21;  $36 - 21 = 15$ .

HSPT-Q4-002 — Correct: B — Correct Answer: 13.5 — Explanation: The rule alternates  $\times 3$  and  $\div 2$ , so  $27 \div 2 = 13.5$ .

HSPT-Q4-003 — Correct: C — Correct Answer: 46 — Explanation: Successive increases are 3, 6, 9, and 12; the next increase is 15.

HSPT-Q4-004 — Correct: D — Correct Answer: 27 — Explanation: Add consecutive odd numbers 1, 3, 5, 7, then 9;  $18 + 9 = 27$ .

HSPT-Q4-005 — Correct: A — Correct Answer: \$85 — Explanation: The sale price is 80% of the original, so  $68 \div 0.80 = 85$ .

HSPT-Q4-006 — Correct: B — Correct Answer: 61 — Explanation: The number is  $7 \times 8 + 5 = 61$ .

HSPT-Q4-007 — Correct: B — Correct Answer: 12 — Explanation: There are eight equal parts;  $32 \div 8 = 4$ , and  $3 \times 4 = 12$ .

HSPT-Q4-008 — Correct: C — Correct Answer: The two quantities are equal. — Explanation:  $5/6 - 1/4 = 10/12 - 3/12 = 7/12$ , so the quantities are equal.

HSPT-Q4-009 — Correct: A — Correct Answer: Quantity A is greater. — Explanation: For every integer  $n$  greater than 4,  $3n$  exceeds  $n + 8$ .

HSPT-Q4-010 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: Different positive factor pairs produce sums below, equal to, or above 10, so the relationship is undetermined.

HSPT-Q4-011 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: The radius is half the diameter, so both quantities equal 7.

HSPT-Q4-012 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: The hexagon's perimeter is  $6 \times 4 = 24$ , so Quantity B is greater.

HSPT-Q4-013 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: Without the value of  $x$ , the width may be less than, equal to, or greater than 6.

#### READING COMPREHENSION ANSWERS

HSPT-R4-001 — Correct: A — Correct Answer: Her moving boxes are nearly full, and the new studio has less storage. — Explanation: The passage directly gives limited box space and a smaller studio as the reasons.

HSPT-R4-002 — Correct: B — Correct Answer: He thinks of them as completed memories rather than reusable material. — Explanation: Nico values each form as a keepsake, while his aunt sees clay that can change.

HSPT-R4-003 — Correct: C — Correct Answer: unglazed — Explanation: The plain whistles are contrasted with glazed pieces from which glaze must be removed.

HSPT-R4-004 — Correct: D — Correct Answer: the possibility of creating something new from the past — Explanation: By the ending, Nico sees the old clay as material for future creations.

HSPT-R4-005 — Correct: A — Correct Answer: Letting an object change can preserve its value in a new form. — Explanation: The whistles are not simply discarded; their clay gains future possibilities through reuse.

HSPT-R4-006 — Correct: B — Correct Answer: Moisture, oxygen, and suitable temperature — Explanation: The first paragraph names moisture, oxygen, and suitable temperature.

HSPT-R4-007 — Correct: C — Correct Answer: It prevents sprouting during a brief autumn warm spell. — Explanation: The cold requirement delays sprouting until after winter.

HSPT-R4-008 — Correct: D — Correct Answer: They face more sunlight and nutrients with less competition. — Explanation: The passage says fire opens sunny space and returns nutrients to soil.

HSPT-R4-009 — Correct: A — Correct Answer: signals — Explanation: Environmental cues are conditions that signal when a seed should begin growing.

HSPT-R4-010 — Correct: B — Correct Answer: It explains dormancy, gives examples of triggers, and states its survival advantage. — Explanation: The passage moves from the concept to examples and then to its overall function.

HSPT-R4-011 — Correct: C — Correct Answer: Weaknesses before costly materials are used — Explanation: The third paragraph explicitly identifies this benefit of an early model.

HSPT-R4-012 — Correct: D — Correct Answer: Unfinished work is valuable when it makes problems visible for thoughtful revision. — Explanation: All examples support using an imperfect version to guide purposeful improvement.

HSPT-R4-013 — Correct: A — Correct Answer: It may show that a writer evaluated and improved an idea. — Explanation: The author calls crossed-out sentences records of decisions, not evidence of failure.

HSPT-R4-014 — Correct: B — Correct Answer: analogies extending the idea beyond writing — Explanation: Both examples show how preliminary versions permit correction in other fields.

HSPT-R4-015 — Correct: C — Correct Answer: reasoned — Explanation: The author carefully qualifies why drafts help and distinguishes revision from repetition.

HSPT-R4-016 — Correct: D — Correct Answer: insufficient — Explanation: Thin evidence is evidence that is too limited to support the writing well.

## MATHEMATICS ANSWERS

HSPT-M4-001 — Correct: A — Correct Answer: 9 — Explanation:  $|-17| = 17$  and  $|-8| = 8$ , so  $17 - 8 = 9$ .

HSPT-M4-002 — Correct: B — Correct Answer:  $11/15$  — Explanation:  $11/15$  is about 0.733, greater than 0.72, 0.71, and 0.70.

HSPT-M4-003 — Correct: C — Correct Answer: 42 — Explanation: The common prime factors produce  $2 \times 3 \times 7 = 42$ .

HSPT-M4-004 — Correct: D — Correct Answer: 60 ounces — Explanation: The added 18 ounces equals  $3/10$  of capacity, so capacity is  $18 \div 0.3 = 60$ .

HSPT-M4-005 — Correct: A — Correct Answer: 5 — Explanation: Simplify to  $13 - 6x = -17$ ; then  $-6x = -30$  and  $x = 5$ .

HSPT-M4-006 — Correct: B — Correct Answer: 10 — Explanation: Substitute  $-2$ :  $(-2)^2 - 3(-2) = 4 + 6 = 10$ .

HSPT-M4-007 — Correct: C — Correct Answer: 6 — Explanation: Set  $-5 = -2x + 7$ ; subtract 7 and divide by  $-2$  to get  $x = 6$ .

HSPT-M4-008 — Correct: D — Correct Answer: 6 — Explanation: With length  $2w + 3$ ,  $2[(2w + 3) + w] = 42$  gives  $6w + 6 = 42$  and  $w = 6$ .

HSPT-M4-009 — Correct: A — Correct Answer: 8 — Explanation: Exterior angles total  $360^\circ$ , and  $360 \div 45 = 8$ .

HSPT-M4-010 — Correct: B — Correct Answer: 10 units — Explanation: Since  $C = \pi d$ ,  $d = 31.4 \div 3.14 = 10$ .

HSPT-M4-011 — Correct: C — Correct Answer: 136 square units — Explanation: Surface area is  $2(3 \times 4 + 3 \times 8 + 4 \times 8) = 2(68) = 136$ .

HSPT-M4-012 — Correct: D — Correct Answer: 15 miles per hour — Explanation: Seventy-two minutes is 1.2 hours, and  $18 \div 1.2 = 15$  miles per hour.

HSPT-M4-013 — Correct: A — Correct Answer: 2,350 grams — Explanation: One kilogram equals 1,000 grams, so  $2.35 \times 1,000 = 2,350$ .

HSPT-M4-014 — Correct: B — Correct Answer: 3 — Explanation: The range is  $14 - 4 = 10$  and the mode is 7, so  $10 - 7 = 3$ .

HSPT-M4-015 — Correct: C — Correct Answer:  $1/2$  — Explanation: The prime outcomes are 2, 3, 5, and 7: four of eight, or  $1/2$ .

HSPT-M4-016 — Correct: D — Correct Answer:  $1/2$  — Explanation: There are 15 bus-or-bicycle responses among 30 total, so the probability is  $15/30 = 1/2$ .

## LANGUAGE ANSWERS

HSPT-L4-001 — Correct: A — Correct Answer: Mina asked, "Is the telescope ready?" — Explanation: A comma introduces the quotation, and the question mark belongs inside the closing quotation mark.

HSPT-L4-002 — Correct: B — Correct Answer: The rain stopped; the championship game continued. — Explanation: A semicolon correctly joins two related independent clauses without a conjunction.

HSPT-L4-003 — Correct: C — Correct Answer: My brother, who lives in Denver, designs bridges. — Explanation: Commas correctly set off the nonessential clause who lives in Denver.

HSPT-L4-004 — Correct: D — Correct Answer: Professor Chen teaches biology at Westfield Academy. — Explanation: The title before a name and the school name are capitalized; a general subject is not.

HSPT-L4-005 — Correct: A — Correct Answer: We crossed the Pacific Ocean before arriving in New Zealand. — Explanation: All significant words in the proper geographic names are capitalized.

HSPT-L4-006 — Correct: B — Correct Answer: dependable — Explanation: Dependable is the standard spelling.

HSPT-L4-007 — Correct: C — Correct Answer: The speaker gave a brief recommendation. — Explanation: Recommendation requires two c's and two m's.

HSPT-L4-008 — Correct: D — Correct Answer: Neither the drums nor the piano is available. — Explanation: With neither...nor, the verb agrees with the nearer singular subject piano.

HSPT-L4-009 — Correct: A — Correct Answer: Although the road was steep, the hikers maintained their pace. — Explanation: The dependent clause is joined to a complete independent clause.

HSPT-L4-010 — Correct: B — Correct Answer: The internship required filing records, answering calls, and greeting visitors. — Explanation: All three items use matching gerund forms.

HSPT-L4-011 — Correct: C — Correct Answer: more — Explanation: More correctly compares the amount packed with the amount needed.

HSPT-L4-012 — Correct: D — Correct Answer: however — Explanation: However signals the contrast between low cost and inadequate strength.

HSPT-L4-013 — Correct: A — Correct Answer: Sentence 4 — Explanation: The weekly soup detail does not explain the waiting problem, proposed changes, or results.

HSPT-L4-014 — Correct: C — Correct Answer: A small investigation helped students solve a frustrating cafeteria problem. — Explanation: This topic sentence previews both the problem-solving process and cafeteria setting.

HSPT-L4-015 — Correct: D — Correct Answer: After observing that counter decisions caused the longest delays, council members suggested posting the menu near the entrance. — Explanation: The revision clearly links the observed cause to the proposed solution without unnecessary repetition.

Category: Verbal Skills

Skill: Logical Reasoning

Stimulus ID: None

Prompt:

If the gate is locked, the warning light is on. The warning light is off. Which conclusion must be true?

- A) The gate is open to visitors.
- B) The light is broken.
- C) The gate was locked earlier.
- D) The gate is not locked.

## SECTION 2 - QUANTITATIVE SKILLS

HSPT-Q4-014

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt:

What number comes next? 160, 80, 40, 20, \_\_\_\_

- A) 10
- B) 5
- C) 15
- D) 30

HSPT-Q4-015

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt:

What number comes next? 3, 7, 15, 31, 63, \_\_\_\_

- A) 95
- B) 126
- C) 127
- D) 129

HSPT-Q4-016

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt:

What number comes next? 2, 5, 4, 10, 8, 20, \_\_\_\_

A) 18

B) 30

C) 40

D) 16

HSPT-Q4-017

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt:

Which value of  $k$  makes  $5(k - 2) = 35$  true?

A) 9

B) 5

C) 7

D) 11

HSPT-Q4-018

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt:

What is the least positive number divisible by 6, 8, and 10?

A) 24

B) 80

C) 120

D) 240

HSPT-Q4-019

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt:

A recipe uses flour and oats in a 7:2 ratio. If it uses  $3 \frac{1}{2}$  cups of flour, how many cups of oats are needed?

A)  $\frac{1}{2}$  cup

B)  $1 \frac{1}{2}$  cups

C) 2 cups

D) 1 cup

HSPT-Q4-020

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt:

Which expression is equivalent to  $0.06 \times 250$ ?

A) 15

B) 1.5

C) 150

D) 1,500

HSPT-Q4-021

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt:

Quantity A:  $2^3 + 3^2$ . Quantity B: 18.

A) Quantity A is greater.

B) Quantity B is greater.

C) The two quantities are equal.

D) The relationship cannot be determined from the information given.

HSPT-Q4-022

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt:

$x$  is a negative number. Quantity A:  $x - 4$ . Quantity B:  $x + 4$ .

A) Quantity A is greater.

B) Quantity B is greater.

C) The two quantities are equal.

D) The relationship cannot be determined from the information given.

HSPT-Q4-023

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt:

$a$  is a nonzero real number. Quantity A:  $a/a$ . Quantity B: 1.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-024

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt:

A triangle has side lengths 5, 5, and 6. Quantity A: its perimeter. Quantity B: 17.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-025

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt:

A rectangle has area 48 square units and length 8 units. Quantity A: its width. Quantity B: 6 units.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-026

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt:

A circle has radius  $r$ , where  $r > 0$ . Quantity A: its diameter. Quantity B:  $r + 5$ .

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

SECTION 3 - READING COMPREHENSION

STIMULUS START

Stimulus ID: HSPT-R4-S04

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: The Quiet Rehearsal

Text:

Mara had practiced her cello solo for weeks, but the auditorium felt different when it was empty. Every scrape of a chair echoed, and the stage lights erased the audience seats beyond the first row. During the dress rehearsal, she rushed the opening and missed a shift she had played correctly at home.

Mr. Ibarra did not ask her to begin again. Instead, he walked to the back wall and asked Mara to play one sustained note toward him. She drew the bow slowly. The note traveled through the room and returned as a faint reflection. Then he moved to the balcony and asked for the same note.

By testing the hall, Mara began listening outward instead of only monitoring her fingers. She noticed that quick passages blurred when she hurried, while rests seemed shorter under the bright lights. On her next run, she allowed each phrase to reach the room before beginning the next.

The mistake in the opening did not disappear from her memory. It became useful information. When the audience arrived that evening, the hall was no longer an unfamiliar space waiting to expose her errors. It was part of the instrument she had learned to play.

STIMULUS END

HSPT-R4-017

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S04

Prompt:

What causes Mara difficulty during the dress rehearsal?

- A) A string breaks during the solo.
- B) The auditorium is filled with talking students.
- C) Mr. Ibarra changes the music.
- D) She rushes the opening and misses a shift.

HSPT-R4-018

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S04

Prompt:

Why does Mr. Ibarra ask Mara to sustain one note from different places?

- A) He wants her to learn how sound behaves in the auditorium.
- B) He is testing whether she remembers the melody.
- C) He wants to shorten the concert.
- D) He cannot hear notes from the stage.

Stimulus ID: HSPT-R4-S05

Section: Reading Comprehension

Stimulus Type: Scientific Passage

Title: A Map Made by Sound

Text:

Bats that hunt at night cannot always rely on vision. Many species use echolocation: they release high-frequency calls and interpret the returning echoes. An echo's delay indicates how far away an object is. Changes in loudness and pitch can provide clues about the object's size, texture, direction, and motion.

Producing a call is only the beginning. A bat must separate useful echoes from sounds made by wind, insects, other bats, and its own movements. Its ears and nervous system process these signals extremely quickly. As a bat approaches an insect, it often sends calls more rapidly, receiving updated information at shorter intervals.

Different surroundings favor different call patterns. In open air, longer calls can help detect distant targets. Near branches and leaves, shorter calls reduce overlap between outgoing sounds and returning echoes. Even bats of the same species may adjust their calls as conditions change.

Echolocation is sometimes described as seeing with sound, but the comparison is incomplete. It is an active process: the bat selects a call, receives a response, and changes its next call based on what it has learned.

STIMULUS END

HSPT-R4-022

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S05

Prompt:

What information does an echo's delay provide?

- A) the object's exact color
- B) the distance to an object
- C) the bat's age
- D) the temperature of the air

HSPT-R4-023

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R4-S05

Prompt:

As used in paragraph 2, separate most nearly means \_\_\_\_.

- A) divide physically
- B) send away
- C) distinguish
- D) measure equally

HSPT-R4-024

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S05

Prompt:

Why do bats often call more rapidly as they approach an insect?

- A) Rapid calls make the insect stop moving.
- B) Their vision becomes stronger at close range.
- C) Long calls cannot travel through air.
- D) They need frequent updates about a nearby moving target.

HSPT-R4-025

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R4-S05

Prompt:

What is the passage mainly explaining?

- A) How bats actively adjust echolocation to gather information in different conditions
- B) Why every bat uses identical calls
- C) How insects imitate bat sounds
- D) Why nighttime air blocks vision completely

HSPT-R4-026

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R4-S05

Prompt:

Why does the author discuss “seeing with sound” in the final paragraph?

- A) To prove that bats see colors through echoes
- B) To introduce a familiar comparison and then clarify its limitation
- C) To argue that vision and hearing are identical
- D) To provide a humorous ending

STIMULUS START

Stimulus ID: HSPT-R4-S06

Section: Reading Comprehension

Stimulus Type: Informational Passage

Title: When a City Uncovers a Stream

Text:

As cities expanded, some small streams were straightened, covered, or directed into underground pipes. This created land for streets and buildings and moved storm water away

quickly. Over time, however, buried channels sometimes became too narrow for heavier runoff, and residents lost access to natural waterways.

A process called daylighting brings a covered stream back to the surface. Engineers first study old maps, current drainage patterns, soil, and nearby structures. The restored channel may not follow its exact historical route because modern buildings and utilities occupy the land. Instead, designers seek a workable path that safely carries water.

A daylighted stream can provide habitat, cool nearby air, and create public green space. Curves, plants, and areas that temporarily hold water may also slow runoff. Yet projects require careful maintenance. Trash can block the channel, newly planted banks may erode, and poorly designed paths can place visitors too close to fast water.

Daylighting is therefore neither a simple return to the past nor a universal solution. It is a redesign that combines evidence about an older landscape with the needs and limits of a modern city.

STIMULUS END

HSPT-R4-027

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S06

Prompt:

What do engineers study before daylighting a stream?

- A) Only recent rainfall totals
- B) Fish populations in distant rivers
- C) Old maps, drainage patterns, soil, and nearby structures
- D) The prices of surrounding homes alone

HSPT-R4-028

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S06

Prompt:

Why may a restored channel differ from its historical route?

- A) Old maps never show waterways.
- B) Curved streams cannot carry water.
- C) Engineers always prefer underground pipes.
- D) Modern buildings and utilities may occupy the original path.

Prompt:

Which sentence would best follow sentence 3?

- A) The club meets every other Wednesday after school.
- B) We chose species that could tolerate both temporary flooding and dry summer days.
- C) Parking lots contain painted spaces for cars.
- D) Some students prefer vegetables to grasses.

ANSWER KEY + EXPLANATIONS

VERBAL SKILLS ANSWERS

HSPT-V4-016 — Correct: B — Correct Answer: wise — Explanation: Prudent means showing careful, wise judgment.

HSPT-V4-017 — Correct: C — Correct Answer: decrease — Explanation: To diminish is to become or make smaller.

HSPT-V4-018 — Correct: D — Correct Answer: confirm — Explanation: To verify something is to confirm that it is true or accurate.

HSPT-V4-019 — Correct: A — Correct Answer: simple — Explanation: Intricate means highly detailed or complicated; simple is the opposite.

HSPT-V4-020 — Correct: B — Correct Answer: forbid — Explanation: To permit is to allow; to forbid is to prohibit.

HSPT-V4-021 — Correct: C — Correct Answer: pessimistic — Explanation: Optimistic expects favorable results; pessimistic expects unfavorable ones.

HSPT-V4-022 — Correct: D — Correct Answer: temperature — Explanation: A compass measures or indicates direction; a thermometer measures temperature.

HSPT-V4-023 — Correct: A — Correct Answer: cow — Explanation: A sapling is a young tree; a calf is a young cow.

HSPT-V4-024 — Correct: B — Correct Answer: trial — Explanation: Applause follows and responds to a performance; a verdict concludes a trial.

HSPT-V4-025 — Correct: C — Correct Answer: copper — Explanation: Granite, marble, and slate are rocks; copper is a metal.

HSPT-V4-026 — Correct: D — Correct Answer: spin — Explanation: All four words describe circular motion.

HSPT-V4-027 — Correct: A — Correct Answer: scene and play — Explanation: A chapter is a division of a book; a scene is a division of a play.

HSPT-V4-028 — Correct: B — Correct Answer: Ceramics is offered Tuesday. — Explanation: Exactly one day is used, so excluding Thursday forces Tuesday.

HSPT-V4-029 — Correct: C — Correct Answer: measuring — Explanation: Kira sorts; Luis must paint, leaving measuring for Jules.

HSPT-V4-030 — Correct: D — Correct Answer: The gate is not locked. — Explanation: The contrapositive of the rule is: if the light is off, the gate is not locked.

#### QUANTITATIVE SKILLS ANSWERS

HSPT-Q4-014 — Correct: A — Correct Answer: 10 — Explanation: Each term is half the preceding term.

HSPT-Q4-015 — Correct: C — Correct Answer: 127 — Explanation: Each term is twice the previous term plus 1.

HSPT-Q4-016 — Correct: D — Correct Answer: 16 — Explanation: Two interwoven sequences double: 2, 4, 8, 16 and 5, 10, 20.

HSPT-Q4-017 — Correct: A — Correct Answer: 9 — Explanation: Divide by 5 to get  $k - 2 = 7$ , so  $k = 9$ .

HSPT-Q4-018 — Correct: C — Correct Answer: 120 — Explanation: The least common multiple uses  $2^3 \times 3 \times 5 = 120$ .

HSPT-Q4-019 — Correct: D — Correct Answer: 1 cup — Explanation: The scale factor is  $1/2$  cup per ratio part, so two oat parts equal 1 cup.

HSPT-Q4-020 — Correct: A — Correct Answer: 15 — Explanation: Six percent of 250 is  $0.06 \times 250 = 15$ .

HSPT-Q4-021 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: Quantity A is  $8 + 9 = 17$ , so Quantity B is greater.

HSPT-Q4-022 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: For every  $x$ ,  $x + 4$  is eight greater than  $x - 4$ .

HSPT-Q4-023 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: For every nonzero  $a$ ,  $a/a = 1$ .

HSPT-Q4-024 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: The perimeter is 16, so Quantity B is greater.

HSPT-Q4-025 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: The width is  $48 \div 8 = 6$  units, so the quantities are equal.

HSPT-Q4-026 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: Comparing  $2r$  and  $r + 5$  depends on whether  $r$  is less than, equal to, or greater than 5.

#### READING COMPREHENSION ANSWERS

HSPT-R4-017 — Correct: D — Correct Answer: She rushes the opening and misses a shift. — Explanation: The opening paragraph directly identifies her rushed entrance and missed shift.

HSPT-R4-018 — Correct: A — Correct Answer: He wants her to learn how sound behaves in the auditorium. — Explanation: The exercise helps Mara listen to how the hall carries and reflects her sound.

HSPT-R4-019 — Correct: B — Correct Answer: metaphor — Explanation: The hall is figuratively presented as something Mara can learn to play.

HSPT-R4-020 — Correct: C — Correct Answer: Careful attention can turn an unfamiliar setting and a mistake into useful guidance. — Explanation: Mara uses her error and the hall's acoustics to adjust her performance.

HSPT-R4-021 — Correct: A — Correct Answer: She first sees it as unsettling but later understands how to work with it. — Explanation: The hall changes from an unfamiliar threat into a useful part of performance.

HSPT-R4-022 — Correct: B — Correct Answer: the distance to an object — Explanation: The first paragraph states that echo delay indicates distance.

HSPT-R4-023 — Correct: C — Correct Answer: distinguish — Explanation: The bat must distinguish useful echoes from competing sounds.

HSPT-R4-024 — Correct: D — Correct Answer: They need frequent updates about a nearby moving target. — Explanation: Shorter intervals provide updated location information during pursuit.

HSPT-R4-025 — Correct: A — Correct Answer: How bats actively adjust echolocation to gather information in different conditions — Explanation: The passage explains the signals, processing, and adjustments involved in echolocation.

HSPT-R4-026 — Correct: B — Correct Answer: To introduce a familiar comparison and then clarify its limitation — Explanation: The comparison helps readers, but the author emphasizes echolocation's active feedback process.

HSPT-R4-027 — Correct: C — Correct Answer: Old maps, drainage patterns, soil, and nearby structures — Explanation: The second paragraph explicitly lists these sources of information.

HSPT-R4-028 — Correct: D — Correct Answer: Modern buildings and utilities may occupy the original path. — Explanation: Existing urban structures can make the former route impractical.

HSPT-R4-029 — Correct: A — Correct Answer: They can slow runoff instead of sending it away immediately. — Explanation: The passage says these features slow runoff and temporarily hold water.

HSPT-R4-030 — Correct: B — Correct Answer: land along the sides of a stream — Explanation: The banks are planted areas beside the restored channel that may erode.

HSPT-R4-031 — Correct: C — Correct Answer: Daylighting adapts an old waterway to modern conditions and requires careful design. — Explanation: The passage balances potential benefits with modern constraints and risks.

HSPT-R4-032 — Correct: D — Correct Answer: It describes a past practice, explains a redesign process, and weighs benefits and challenges. — Explanation: The paragraphs move from burial to restoration methods, effects, and a qualified conclusion.

## MATHEMATICS ANSWERS

HSPT-M4-017 — Correct: B — Correct Answer:  $2\frac{1}{2}$  — Explanation: Convert to  $11/4 \div 11/10 = 11/4 \times 10/11 = 5/2$ .

HSPT-M4-018 — Correct: C — Correct Answer:  $3(18 - 6)$  — Explanation: Only  $3(12)$  equals 36; the others equal 30, 31, and 30.

HSPT-M4-019 — Correct: D — Correct Answer: 21 — Explanation: First find  $0.35 \times 240 = 84$ ; then  $0.25 \times 84 = 21$ .

HSPT-M4-020 — Correct: A — Correct Answer:  $3y - 12$  — Explanation: Distribute and combine like terms:  $8y - 12 - 5y = 3y - 12$ .

HSPT-M4-021 — Correct: B — Correct Answer: 19 — Explanation: Multiply by 3 to get  $x + 5 = 24$ , then subtract 5.

HSPT-M4-022 — Correct: C — Correct Answer:  $2n - 7 \leq 15$  — Explanation: Twice  $n$  is  $2n$ , seven less is  $2n - 7$ , and at most means  $\leq$ .

HSPT-M4-023 — Correct: D — Correct Answer:  $4 + 2.5m$  — Explanation: The fixed fee is 4 and the mileage charge is 2.5 times  $m$ .

HSPT-M4-024 — Correct: A — Correct Answer:  $75^\circ$  — Explanation: Triangle angles total  $180^\circ$ , so  $180 - 38 - 67 = 75$ .

HSPT-M4-025 — Correct: B — Correct Answer: 15 — Explanation: By the Pythagorean theorem,  $\sqrt{(9^2 + 12^2)} = \sqrt{225} = 15$ .

HSPT-M4-026 — Correct: C — Correct Answer: 77 square units — Explanation: A parallelogram's area is base  $\times$  height:  $11 \times 7 = 77$ .

HSPT-M4-027 — Correct: D — Correct Answer: 63 miles — Explanation: Multiply 3.5 inches by 18 miles per inch to get 63 miles.

HSPT-M4-028 — Correct: A — Correct Answer: 22 quarts — Explanation: Five gallons equal 20 quarts; adding 2 gives 22.

HSPT-M4-029 — Correct: B — Correct Answer: 9:13 p.m. — Explanation: Adding 2 hours gives 8:47; adding 26 minutes gives 9:13.

HSPT-M4-030 — Correct: C — Correct Answer: 85 — Explanation: The total is 410; the known scores total 325, so the missing score is 85.

HSPT-M4-031 — Correct: D — Correct Answer:  $7/12$  — Explanation: Seven of the twelve tiles are green or yellow, so the probability is  $7/12$ .

HSPT-M4-032 — Correct: A — Correct Answer: 3 — Explanation: Data set B has range  $24 - 9 = 15$ , which is 3 greater than 12.

## LANGUAGE ANSWERS

HSPT-L4-016 — Correct: D — Correct Answer: The two foxes' tracks crossed near the creek. — Explanation: The plural possessive foxes takes an apostrophe after the s.

HSPT-L4-017 — Correct: A — Correct Answer: Bring these items: a flashlight, a map, and water. — Explanation: A colon follows a complete clause and introduces the list.

HSPT-L4-018 — Correct: B — Correct Answer: In July, Uncle Mateo will visit Lake Erie. — Explanation: The month, family title used as a name, and proper lake name are capitalized.

HSPT-L4-019 — Correct: C — Correct Answer: The Declaration of Independence was signed in Philadelphia. — Explanation: The historical document title and city name use standard capitalization.

HSPT-L4-020 — Correct: D — Correct Answer: occasionally — Explanation: Occasionally contains two c's, one s, and the ending -ally.

HSPT-L4-021 — Correct: A — Correct Answer: We received a separate envelope for each form. — Explanation: Separate is spelled with ar in the middle, not er.

HSPT-L4-022 — Correct: B — Correct Answer: necessary — Explanation: Necessary is spelled with one c and two s's.

HSPT-L4-023 — Correct: C — Correct Answer: The coach gave Mia and me the schedule. — Explanation: Me is the correct object pronoun after gave.

HSPT-L4-024 — Correct: D — Correct Answer: By the time the bus arrived, we had waited for twenty minutes. — Explanation: Past perfect correctly shows that the waiting began before the bus arrived.

HSPT-L4-025 — Correct: A — Correct Answer: Walking through the garden, Priya noticed the first tulips. — Explanation: Priya logically performs the action described by the opening modifier.

HSPT-L4-026 — Correct: B — Correct Answer: affect — Explanation: Affect is the verb meaning influence.

HSPT-L4-027 — Correct: C — Correct Answer: This route is less crowded than the highway. — Explanation: Less crowded correctly compares two routes.

HSPT-L4-028 — Correct: D — Correct Answer: Sentence 4 — Explanation: Sentence 4 does not explain this garden's problem, construction, or results.

HSPT-L4-029 — Correct: A — Correct Answer: The project reduced erosion and created insect shelter. — Explanation: The revision preserves both results without repetition or unnecessary wording.

HSPT-L4-030 — Correct: B — Correct Answer: We chose species that could tolerate both temporary flooding and dry summer days. — Explanation: This sentence adds a relevant detail about selecting plants for rain-garden conditions.

HSPT Practice Exam — Exam 4 — Part C  
Filename: hspt\_full\_exam\_04\_part\_c.txt  
Exam Family: HSPT  
Exam Number: 4  
Exam Part: C  
Question Count: 74

## QUESTIONS

### SECTION 1 - VERBAL SKILLS

HSPT-V4-031

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Synonyms

Stimulus ID: None

Prompt:

Which word is closest in meaning to reluctant?

- A) unwilling
- B) cheerful
- C) certain
- D) careless

HSPT-V4-032

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Synonyms

Stimulus ID: None

Prompt:

Which word is closest in meaning to scarce?

- A) smooth
- B) ordinary
- C) limited
- D) nearby

HSPT-V4-033

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Synonyms

Stimulus ID: None

Prompt:

Which word is closest in meaning to elaborate?

- A) silent
- B) necessary
- C) hidden

D) detailed

HSPT-V4-034

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Antonyms

Stimulus ID: None

Prompt:

Which word is most nearly opposite in meaning to rigid?

A) flexible

B) narrow

C) heavy

D) polished

HSPT-V4-035

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Antonyms

Stimulus ID: None

Prompt:

Which word is most nearly opposite in meaning to conceal?

A) protect

B) reveal

C) collect

D) remember

HSPT-V4-036

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Antonyms

Stimulus ID: None

Prompt:

Which word is most nearly opposite in meaning to abundant?

A) useful

B) orderly

C) meager

D) uneven

HSPT-V4-037

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Analogies

Stimulus ID: None

Prompt:

Reservoir is to water as granary is to \_\_\_\_.

- A) field
- B) farmer
- C) bread
- D) grain

HSPT-V4-038

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Analogies

Stimulus ID: None

Prompt:

Chisel is to sculptor as stethoscope is to \_\_\_\_.

- A) physician
- B) patient
- C) heartbeat
- D) hospital

HSPT-V4-039

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Analogies

Stimulus ID: None

Prompt:

Whisper is to speak as stroll is to \_\_\_\_.

- A) rest
- B) travel
- C) walk
- D) run

HSPT-V4-040

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Classification

Stimulus ID: None

Prompt:

Which word is not in the same category as the other three?

- A) lagoon
- B) pond
- C) lake
- D) harbor

HSPT-V4-041

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Classification

Stimulus ID: None

Prompt:

Which word belongs with cedar, spruce, and fir?

- A) moss
- B) pine
- C) maple
- D) vine

HSPT-V4-042

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Verbal Classification

Stimulus ID: None

Prompt:

Which pair has the same relationship as kitten and litter?

- A) wolf and pack
- B) bird and feather
- C) horse and stable
- D) bee and honey

HSPT-V4-043

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Logical Reasoning

Stimulus ID: None

Prompt:

Every manuscript in the cabinet is cataloged. No cataloged item may leave the archive. Which conclusion must be true?

- A) Some manuscripts are not cataloged.
- B) Every archive item is a manuscript.
- C) No manuscript in the cabinet may leave the archive.
- D) The cabinet may leave the archive.

HSPT-V4-044

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Logical Reasoning

Stimulus ID: None

Prompt:

Four flags—J, K, L, and M—hang in a row. J is immediately left of K. M is left of J. L is not at either end. Which flag is first?

- A) J
- B) K

- C) L
- D) M

HSPT-V4-045

Section: Verbal Skills

Type: mcq

Category: Verbal Skills

Skill: Logical Reasoning

Stimulus ID: None

Prompt:

Exactly two of Ana, Bo, and Cy attend. If Ana attends, Bo does not. If Cy does not attend, Ana attends. Which pair could attend?

- A) Ana and Bo
- B) Bo and Cy
- C) Ana alone
- D) all three

## SECTION 2 - QUANTITATIVE SKILLS

HSPT-Q4-027

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt:

What number comes next? 4, 9, 17, 28, 42, \_\_\_\_

- A) 59
- B) 54
- C) 56
- D) 60

HSPT-Q4-028

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt:

What number comes next? 81, 27, 30, 10, 13, \_\_\_\_

- A) 3
- B)  $\frac{13}{3}$
- C)  $\frac{10}{3}$
- D) 16

HSPT-Q4-029

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt:

What number comes next? 1, 4, 3, 12, 5, 20, 7, \_\_\_\_

A) 24

B) 27

C) 28

D) 35

HSPT-Q4-030

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Series

Stimulus ID: None

Prompt:

What number comes next? 2, 6, 24, 120, \_\_\_\_

A) 240

B) 600

C) 840

D) 720

HSPT-Q4-031

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt:

If  $\frac{3}{5}$  of a number is 42, what is the number?

A) 70

B) 25.2

C) 63

D) 105

HSPT-Q4-032

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt:

Which number leaves a remainder of 2 when divided by both 5 and 7?

A) 37

B) 52

C) 77

D) 72

HSPT-Q4-033

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt:

A price rises from \$48 to \$60. What is the percent increase?

A) 12%

B) 20%

C) 25%

D) 80%

HSPT-Q4-034

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt:

$n$  is an integer greater than 1. Quantity A: the number of positive factors of  $n$ . Quantity B: 2.

A) Quantity A is greater.

B) Quantity B is greater.

C) The two quantities are equal.

D) The relationship cannot be determined from the information given.

HSPT-Q4-035

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt:

Quantity A:  $|-18| - 7$ . Quantity B:  $3^2$ .

A) Quantity A is greater.

B) Quantity B is greater.

C) The two quantities are equal.

D) The relationship cannot be determined from the information given.

HSPT-Q4-036

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt:

$p + q = 20$ . Quantity A:  $p + q - 6$ . Quantity B: 14.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-037

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt:

A regular hexagon has side length 4. Quantity A: its perimeter. Quantity B: 25.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-038

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt:

Two angles are supplementary, and one measures  $x^\circ$ . Quantity A: the other angle. Quantity B:  $90^\circ$ .

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

HSPT-Q4-039

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt:

A square has diagonal length 10. Quantity A: one side length. Quantity B: 8.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

SECTION 3 - READING COMPREHENSION

STIMULUS START

Stimulus ID: HSPT-R4-S07

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: The Borrowed Bell

Text:

Nico found the brass handbell in a cabinet while helping prepare the old meetinghouse for its reopening. Its wooden handle was worn smooth, and a paper tag read, 'School bell, 1912.' He pictured a teacher ringing it above a noisy room.

The event coordinator asked Nico to place it in a display case, but the case's latch was broken. Afraid someone might knock the bell down, he carried it to the office. On the way, he heard visitors entering early. The coordinator, across the hall, pointed urgently toward the front steps.

Nico assumed she wanted help directing the crowd. Then he noticed the new electric chime had failed. He raised the old bell and rang once. Its clear note traveled through the hallway, and conversations softened. He rang again, and the visitors gathered.

Afterward, the bell went into the repaired case. Nico's imagined history was no longer all he knew about it. For one brief morning, the object had performed its old task again.

STIMULUS END

HSPT-R4-033

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S07

Prompt:

Why does Nico carry the bell to the office?

- A) The display case has a broken latch.
- B) He wants to polish the handle.
- C) A visitor asks to borrow it.
- D) The tag lists the wrong date.

HSPT-R4-034

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S07

Prompt:

What does the coordinator most likely mean by pointing toward the steps?

- A) She wants him to lock the meetinghouse.
- B) She wants Nico to use the bell to gather arriving visitors.
- C) She wants him to replace the paper tag.
- D) She wants him to repair the case immediately.

HSPT-R4-035

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R4-S07

Prompt:

What is the effect of the bell performing its old task again?

- A) It proves modern equipment is never useful.
- B) It shows the bell belongs to Nico.
- C) It connects the building's history with its reopening.
- D) It explains how the bell was manufactured.

HSPT-R4-036

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R4-S07

Prompt:

As used in paragraph 3, softened most nearly means \_\_\_\_.

- A) turned warmer
- B) grew kinder
- C) lost detail
- D) became quieter

HSPT-R4-037

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R4-S07

Prompt:

What central idea is developed through Nico's experience?

- A) An old object can gain fresh meaning when it serves a present need.
- B) Valuable objects should never be displayed.
- C) Early visitors usually cause confusion.
- D) Electronic devices are difficult to repair.

STIMULUS START

Stimulus ID: HSPT-R4-S08

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: A Line Across the Floor

Text:

The robotics team had taped a crooked line across the workshop floor to test whether their small rover could follow a route. Tessa had written the steering code, and during three trials

the rover rolled past the sharpest turn. Each failure felt to her like a public correction written in blinking red lights.

Dev examined the wheels instead of the screen. He placed a ruler beside them and discovered that the left wheel was slightly larger because its rubber tread had stretched. Tessa almost objected; the program, she thought, should be able to overcome imperfect hardware.

They changed one value so the left motor turned a little more slowly. This time the rover followed the tape until a loose corner folded over. It stopped, uncertain, at the blank patch. Tessa laughed first. She pressed the tape flat and added a note to the team's report: 'A system includes everything it depends on.'

The rover's successful final run mattered, but so did the sentence. It reminded the team to examine code, machines, and surroundings together.

STIMULUS END

HSPT-R4-038

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S08

Prompt:

What physical problem does Dev discover?

- A) The battery is nearly empty.
- B) The left wheel is slightly larger than the right.
- C) The ruler is bent.
- D) The floor is sloped.

HSPT-R4-039

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S08

Prompt:

Why does Tessa almost object to Dev's discovery?

- A) She does not want the rover to finish.
- B) She thinks the tape should be removed.
- C) She believes her code should compensate for imperfect equipment.
- D) She doubts that the wheels can turn.

HSPT-R4-040

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R4-S08

Prompt:

How is the story mainly organized?

- A) A narrator compares two unrelated inventions.
- B) Instructions are listed from easiest to hardest.
- C) Events are told backward from the final run.
- D) A repeated failure leads to one discovery, then another, and finally a broader lesson.

HSPT-R4-041

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R4-S08

Prompt:

The phrase “a public correction written in blinking red lights” mainly emphasizes \_\_\_\_.

- A) Tessa’s embarrassment about the failures
- B) the brightness of the workshop
- C) the rover’s ability to write
- D) Dev’s dislike of the program

HSPT-R4-042

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R4-S08

Prompt:

What lesson does the team learn?

- A) A rover works best without written code.
- B) Successful design requires considering software, hardware, and surroundings together.
- C) Rubber wheels should always be identical in color.
- D) Testing should stop after the first success.

STIMULUS START

Stimulus ID: HSPT-R4-S09

Section: Reading Comprehension

Stimulus Type: Informational Passage

Title: Why Museums Rotate Displays

Text:

A museum may own thousands of objects while showing only a small fraction of them. Limited gallery space is one reason, but preservation also matters. Light can fade pigments and weaken paper or fabric. Changes in humidity may cause wood to expand and contract, while dust and handling can damage delicate surfaces.

Rotating displays gives sensitive objects periods of rest in controlled storage. During that time, specialists can inspect them, record changes, and make careful repairs. Rotation also

allows curators to build new exhibits around different questions. The same bowl, letter, or tool may help tell several stories depending on the objects placed beside it.

Storage is not simply a dark warehouse. Well-managed collections use labeled locations, stable environmental conditions, and detailed records. Researchers may study stored objects even when the public cannot see them. Some museums also publish digital images and descriptions, increasing access without exposing an object to additional light or handling.

Thus, an absent object is not necessarily forgotten. Its time away from the gallery can protect it and prepare it to contribute to a future exhibit.

STIMULUS END

HSPT-R4-043

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S09

Prompt:

According to the passage, how can humidity harm wooden objects?

- A) It can erase labels instantly.
- B) It can turn wood into paper.
- C) It can make the wood expand and contract.
- D) It can make galleries smaller.

HSPT-R4-044

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R4-S09

Prompt:

As used in paragraph 2, sensitive most nearly means \_\_\_\_.

- A) able to feel emotion
- B) secret
- C) accurately measured
- D) easily damaged

HSPT-R4-045

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S09

Prompt:

Why might a curator place the same object in different exhibits?

- A) Its meaning can change with the question and surrounding objects.
- B) The museum has no other objects.
- C) Its materials change each time it is moved.
- D) Researchers refuse to study stored items.

HSPT-R4-046

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R4-S09

Prompt:

Which statement best captures the purpose of the museum passage?

- A) Why museums should replace objects with copies
- B) Why keeping some museum objects off display can preserve them and support future use
- C) How visitors choose which galleries to enter
- D) Why storage buildings must be open to everyone

HSPT-R4-047

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R4-S09

Prompt:

Which best describes the author's approach?

- A) The author argues that all collections are too large.
- B) The author narrates the discovery of one ancient object.
- C) The author gives step-by-step repair directions.
- D) The author corrects a possible misconception by explaining several purposes of storage.

## SECTION 4 - MATHEMATICS

HSPT-M4-033

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Numbers and Numeration

Stimulus ID: None

Prompt:

Which fraction is halfway between  $\frac{2}{3}$  and  $\frac{5}{6}$ ?

- A)  $\frac{3}{4}$
- B)  $\frac{7}{12}$
- C)  $\frac{4}{5}$
- D)  $\frac{11}{12}$

Prompt:

A circle has circumference 31.4 centimeters. Using 3.14 for  $\pi$ , what is its radius?

- A) 2.5 centimeters
- B) 10 centimeters
- C) 5 centimeters
- D) 15.7 centimeters

HSPT-M4-044

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Measurement

Stimulus ID: None

Prompt:

A cyclist travels 18 miles in 1.5 hours. At the same rate, how far will she travel in 50 minutes?

- A) 9 miles
- B) 12 miles
- C) 15 miles
- D) 10 miles

HSPT-M4-045

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Measurement

Stimulus ID: None

Prompt:

A package weighs 6 pounds 10 ounces. After an item weighing 1 pound 14 ounces is removed, what is the new weight?

- A) 4 pounds 12 ounces
- B) 4 pounds 6 ounces
- C) 4 pounds 8 ounces
- D) 5 pounds 12 ounces

HSPT-M4-046

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Statistics, Data, or Basic Probability

Stimulus ID: None

Prompt:

The numbers 6, 8, 8, 11, and  $k$  have a median of 8 and a range of 9. Which could be  $k$ ?

- A)  $-1$
- B) 15
- C) 7
- D) 20

HSPT-M4-047

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Statistics, Data, or Basic Probability

Stimulus ID: None

Prompt:

A spinner has 5 equal sections numbered 1–5. It is spun twice. What is the probability that both results are even?

- A)  $\frac{2}{5}$
- B)  $\frac{4}{10}$
- C)  $\frac{4}{25}$
- D)  $\frac{8}{25}$

HSPT-M4-048

Section: Mathematics

Type: mcq

Category: Mathematics

Skill: Statistics, Data, or Basic Probability

Stimulus ID: None

Prompt:

A survey records 12 red, 18 blue, and 10 green choices. If 20 more people respond and half choose green, what fraction of all 60 responses are green?

- A)  $\frac{1}{4}$
- B)  $\frac{3}{10}$
- C)  $\frac{2}{5}$
- D)  $\frac{1}{3}$

## SECTION 5 - LANGUAGE

HSPT-L4-031

Section: Language

Type: mcq

Category: Language

Skill: Punctuation

Stimulus ID: None

Prompt:

Which sentence is punctuated correctly?

- A) Before sunrise, we packed the tents, folded the blankets, and swept the cabin.
- B) Before sunrise we packed, the tents folded the blankets and swept the cabin.
- C) Before sunrise; we packed the tents, folded the blankets and, swept the cabin.
- D) Before sunrise we packed the tents folded the blankets, and swept the cabin.

HSPT-L4-032

Section: Language

Type: mcq

Category: Language

Skill: Punctuation

Stimulus ID: None

Prompt:

Which sentence correctly punctuates a quotation?

- A) "Please label every sample", Dr. Chen said.
- B) "Please label every sample," Dr. Chen said.
- C) "Please label every sample" Dr. Chen, said.
- D) "Please label every sample." Dr. Chen said.

HSPT-L4-033

Section: Language

Type: mcq

Category: Language

Skill: Punctuation

Stimulus ID: None

Prompt:

Which sentence correctly uses a semicolon?

- A) The trail was muddy, nevertheless; the group continued.
- B) The trail; was muddy nevertheless, the group continued.
- C) The trail was muddy; nevertheless, the group continued.
- D) The trail was muddy nevertheless; the group continued.

HSPT-L4-034

Section: Language

Type: mcq

Category: Language

Skill: Capitalization

Stimulus ID: None

Prompt:

Which option correctly capitalizes the poem title and course name?

- A) Our Class read "The Road Not Taken" in english class.
- B) Our class read "The road not taken" in English Class.
- C) Our class read "the Road Not Taken" in english class.
- D) Our class read "The Road Not Taken" in English class.

HSPT-L4-035

Section: Language

Type: mcq

Category: Language

Skill: Capitalization

Stimulus ID: None

Prompt:

Which option correctly capitalizes the title, place name, and holiday?

- A) The mayor spoke at Central Library on Memorial Day.
- B) The Mayor spoke at central library on Memorial Day.
- C) The mayor spoke at Central Library on memorial day.
- D) The mayor spoke at central Library on Memorial day.

HSPT-L4-036

Section: Language

Type: mcq

Category: Language

Skill: Spelling

Stimulus ID: None

Prompt:

Which option correctly spells the word meaning "a special right"?

- A) privelege
- B) privilege
- C) priviledge
- D) privilage

HSPT-L4-037

Section: Language

Type: mcq

Category: Language

Skill: Spelling

Stimulus ID: None

Prompt:

In which sentence is one word spelled incorrectly?

- A) The audience remained attentive.

- B) The boundary was clearly marked.
- C) The committee will recomend a new schedule.
- D) The change occurred gradually.

HSPT-L4-038

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt:

Which sentence has correct subject-verb agreement?

- A) Neither the lamps nor the clock belong in this box.
- B) Neither the lamps nor the clock are belonging in this box.
- C) Neither the lamps nor the clock have belonged in this box.
- D) Neither the lamps nor the clock belongs in this box.

HSPT-L4-039

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt:

Which sentence uses parallel structure?

- A) The internship required filing records, answering calls, and preparing reports.
- B) The internship required filing records, to answer calls, and reports were prepared.
- C) The internship required records to be filed, answering calls, and report preparation.
- D) The internship required to file records, calls were answered, and preparing reports.

HSPT-L4-040

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt:

Which sentence correctly combines the ideas? The rain stopped. The players returned to the field.

- A) The rain stopped, the players returned to the field.
- B) When the rain stopped, the players returned to the field.
- C) Stopping the rain, the field returned the players.
- D) The players returned, and because to the field the rain stopped.

HSPT-L4-041

Section: Language

Type: mcq

Category: Language

Skill: Usage

Stimulus ID: None

Prompt:

Which word correctly completes the sentence? The new evidence may \_\_\_\_ the committee's decision.

- A) altar
- B) allude
- C) alter
- D) adapt

HSPT-L4-042

Section: Language

Type: mcq

Category: Language

Skill: Usage

Stimulus ID: None

Prompt:

Which sentence uses fewer and less correctly?

- A) Less cars meant fewer noise near the school.
- B) Fewer cars meant fewer noise near the school.
- C) Less cars meant less noise near the school.
- D) Fewer cars meant less noise near the school.

HSPT-L4-043

Section: Language

Type: mcq

Category: Language

Skill: Usage

Stimulus ID: None

Prompt:

Which sentence uses the word between correctly?

- A) The treaty settled the dispute between the two towns.
- B) The treaty settled the dispute among the two towns.
- C) The treaty settled the dispute beside the two towns.
- D) The treaty settled the dispute within of the two towns.

STIMULUS START

Stimulus ID: HSPT-L4-S03

Section: Language

Stimulus Type: Editing Passage

Title: The Night Survey

Text:

(1) Last October, our environmental club joined a nighttime survey of moths. (2) A biologist hung a white sheet between two trees and aimed a safe light toward it. (3) Moths landed on the cloth, where we photographed their wing patterns and recorded their sizes. (4) We worked quietly so that sudden movement would not disturb them. (5) In two hours, the group documented seventeen species. (6) The night was cold. (7) Before leaving, we checked the

area for equipment and uploaded our observations to a shared database. (8) The survey showed us how a simple, careful method can reveal animals that usually go unnoticed.

STIMULUS END

HSPT-L4-044

Section: Language

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L4-S03

Prompt:

Which sentence should be removed because it does not contribute meaningfully to the passage?

- A) Sentence 2
- B) Sentence 6
- C) Sentence 5
- D) Sentence 8

HSPT-L4-045

Section: Language

Type: mcq

Category: Language

Skill: Composition

Stimulus ID: HSPT-L4-S03

Prompt:

Which sentence would best follow sentence 5?

- A) The park also has benches near its entrance.
- B) Seventeen is a number greater than sixteen.
- C) Several had never before been recorded in that section of the park.
- D) Our school cafeteria serves lunch at noon.

ANSWER KEY + EXPLANATIONS

VERBAL SKILLS ANSWERS

HSPT-V4-031 — Correct: A — Correct Answer: unwilling — Explanation: Reluctant means hesitant or unwilling.

HSPT-V4-032 — Correct: C — Correct Answer: limited — Explanation: Scarce means in short or limited supply.

HSPT-V4-033 — Correct: D — Correct Answer: detailed — Explanation: Something elaborate contains many careful details.

HSPT-V4-034 — Correct: A — Correct Answer: flexible — Explanation: Rigid means stiff; flexible is its opposite.

HSPT-V4-035 — Correct: B — Correct Answer: reveal — Explanation: To conceal is to hide; to reveal is to make known.

HSPT-V4-036 — Correct: C — Correct Answer: meager — Explanation: Abundant means plentiful; meager means insufficient or scant.

HSPT-V4-037 — Correct: D — Correct Answer: grain — Explanation: A reservoir stores water; a granary stores grain.

HSPT-V4-038 — Correct: A — Correct Answer: physician — Explanation: A sculptor uses a chisel; a physician uses a stethoscope.

HSPT-V4-039 — Correct: C — Correct Answer: walk — Explanation: A whisper is a gentle way to speak; a stroll is a leisurely way to walk.

HSPT-V4-040 — Correct: D — Correct Answer: harbor — Explanation: A lagoon, pond, and lake are bodies of mostly enclosed water; a harbor is a sheltered place for vessels.

HSPT-V4-041 — Correct: B — Correct Answer: pine — Explanation: Cedar, spruce, fir, and pine are evergreen coniferous trees.

HSPT-V4-042 — Correct: A — Correct Answer: wolf and pack — Explanation: A kitten may belong to a litter; a wolf may belong to a pack.

HSPT-V4-043 — Correct: C — Correct Answer: No manuscript in the cabinet may leave the archive. — Explanation: The two rules place every cabinet manuscript among items that cannot leave.

HSPT-V4-044 — Correct: D — Correct Answer: M — Explanation: The block M-J-K must occur in that order; with L not at an end, only M can be first.

HSPT-V4-045 — Correct: B — Correct Answer: Bo and Cy — Explanation: Bo and Cy satisfies exactly two attendees and does not violate either conditional rule.

#### QUANTITATIVE SKILLS ANSWERS

HSPT-Q4-027 — Correct: A — Correct Answer: 59 — Explanation: The differences are 5, 8, 11, 14; the next difference is 17.

HSPT-Q4-028 — Correct: B — Correct Answer:  $13/3$  — Explanation: The operations alternate  $\div 3$  and  $+ 3$ .

HSPT-Q4-029 — Correct: C — Correct Answer: 28 — Explanation: Odd-position terms are 1, 3, 5, 7; each following term is four times it.

HSPT-Q4-030 — Correct: D — Correct Answer: 720 — Explanation: The terms are multiplied successively by 3, 4, 5, and then 6.

HSPT-Q4-031 — Correct: A — Correct Answer: 70 — Explanation: Multiply 42 by  $5/3$  to get 70.

HSPT-Q4-032 — Correct: D — Correct Answer: 72 — Explanation: 72 is  $70 + 2$ , so it leaves remainder 2 for both divisors.

HSPT-Q4-033 — Correct: C — Correct Answer: 25% — Explanation: The increase is 12, and  $12/48 = 25\%$ .

HSPT-Q4-034 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: A prime  $n$  has two factors, while a composite  $n$  may have more; the relationship varies.

HSPT-Q4-035 — Correct: A — Correct Answer: Quantity A is greater. — Explanation: Quantity A is 11 and Quantity B is 9.

HSPT-Q4-036 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: Substitution gives Quantity A =  $20 - 6 = 14$ .

HSPT-Q4-037 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: The perimeter is  $6 \times 4 = 24$ , so Quantity B is greater.

HSPT-Q4-038 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: The other angle is  $180 - x$ , which may be below, equal to, or above 90.

HSPT-Q4-039 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: A square side is  $10/\sqrt{2}$ , about 7.07, so Quantity B is greater.

## READING COMPREHENSION ANSWERS

HSPT-R4-033 — Correct: A — Correct Answer: The display case has a broken latch. —

Explanation: The second paragraph states that the broken latch makes the display unsafe.

HSPT-R4-034 — Correct: B — Correct Answer: She wants Nico to use the bell to gather arriving visitors. — Explanation: The electric chime has failed and the visitors need a signal to gather.

HSPT-R4-035 — Correct: C — Correct Answer: It connects the building's history with its reopening. — Explanation: The historic object becomes useful in the present at the restored meetinghouse.

HSPT-R4-036 — Correct: D — Correct Answer: became quieter — Explanation: The visitors' conversations become quieter when the bell rings.

HSPT-R4-037 — Correct: A — Correct Answer: An old object can gain fresh meaning when it serves a present need. — Explanation: The bell moves from imagined history to renewed use during the reopening.

HSPT-R4-038 — Correct: B — Correct Answer: The left wheel is slightly larger than the right. — Explanation: Dev measures the wheels and finds stretched tread on the left one.

HSPT-R4-039 — Correct: C — Correct Answer: She believes her code should compensate for imperfect equipment. — Explanation: The passage directly contrasts her confidence in the program with the hardware issue.

HSPT-R4-040 — Correct: D — Correct Answer: A repeated failure leads to one discovery, then another, and finally a broader lesson. — Explanation: The team diagnoses wheel size, encounters loose tape, and expands its understanding of the system.

HSPT-R4-041 — Correct: A — Correct Answer: Tessa's embarrassment about the failures — Explanation: The figurative description presents each visible failure as criticism Tessa feels everyone can see.

HSPT-R4-042 — Correct: B — Correct Answer: Successful design requires considering software, hardware, and surroundings together. — Explanation: Their final note states that a system includes everything on which it depends.

HSPT-R4-043 — Correct: C — Correct Answer: It can make the wood expand and contract. — Explanation: The first paragraph identifies expansion and contraction as effects of humidity changes.

HSPT-R4-044 — Correct: D — Correct Answer: easily damaged — Explanation: The objects require limited exposure and controlled storage because they are vulnerable to damage.

HSPT-R4-045 — Correct: A — Correct Answer: Its meaning can change with the question and surrounding objects. — Explanation: The passage explains that context allows an object to help tell several stories.

HSPT-R4-046 — Correct: B — Correct Answer: Why keeping some museum objects off display can preserve them and support future use — Explanation: The passage presents preservation, research, access, and future-exhibit reasons for rotation.

HSPT-R4-047 — Correct: D — Correct Answer: The author corrects a possible misconception by explaining several purposes of storage. — Explanation: The passage counters the idea that stored objects are forgotten and explains their continuing roles.

## MATHEMATICS ANSWERS

HSPT-M4-033 — Correct: A — Correct Answer:  $\frac{3}{4}$  — Explanation: The average is  $(\frac{2}{3} + \frac{5}{6}) \div 2 = (\frac{4}{6} + \frac{5}{6}) \div 2 = \frac{3}{4}$ .

HSPT-M4-034 — Correct: B — Correct Answer: 42 — Explanation: The shared prime factors produce  $2 \times 3 \times 7 = 42$ .

HSPT-M4-035 — Correct: C — Correct Answer:  $7/12$  — Explanation: The values are 0.57, about 0.5833, 0.58, and 0.579;  $7/12$  is greatest.

HSPT-M4-036 — Correct: D — Correct Answer: 9 — Explanation: Compute parentheses, then division:  $6 + 24 \div 6 - 1 = 9$ .

HSPT-M4-037 — Correct: A — Correct Answer: 10 — Explanation: Substitute -2:  $3(4) - 2 = 10$ .

HSPT-M4-038 — Correct: B — Correct Answer: 11 — Explanation: Expand to  $4x - 12 = 2x + 10$ , so  $2x = 22$  and  $x = 11$ .

HSPT-M4-039 — Correct: C — Correct Answer:  $4n + 3$  — Explanation: For  $n = 1$ ,  $4n + 3$  gives 7 and increases by 4 per term.

HSPT-M4-040 — Correct: D — Correct Answer: 15 — Explanation: Solve  $90 + 18p \leq 360$ :  $18p \leq 270$ , so  $p \leq 15$ .

HSPT-M4-041 — Correct: A — Correct Answer: 8 — Explanation: Exterior angles total  $360^\circ$ , and  $360 \div 45 = 8$ .

HSPT-M4-042 — Correct: B — Correct Answer: 136 square units — Explanation: Surface area is  $2(3 \times 4 + 3 \times 8 + 4 \times 8) = 2(68) = 136$ .

HSPT-M4-043 — Correct: C — Correct Answer: 5 centimeters — Explanation: Since  $C = 2\pi r$ ,  $r = 31.4 \div 6.28 = 5$ .

HSPT-M4-044 — Correct: D — Correct Answer: 10 miles — Explanation: The rate is 12 miles per hour; 50 minutes is  $5/6$  hour, giving 10 miles.

HSPT-M4-045 — Correct: A — Correct Answer: 4 pounds 12 ounces — Explanation: Borrow 16 ounces:  $5 \text{ lb } 26 \text{ oz} - 1 \text{ lb } 14 \text{ oz} = 4 \text{ lb } 12 \text{ oz}$ .

HSPT-M4-046 — Correct: B — Correct Answer: 15 — Explanation: With  $k = 15$ , the median remains 8 and the range is  $15 - 6 = 9$ .

HSPT-M4-047 — Correct: C — Correct Answer:  $4/25$  — Explanation: Each spin has probability  $2/5$  of even, so  $(2/5)(2/5) = 4/25$ .

HSPT-M4-048 — Correct: D — Correct Answer:  $1/3$  — Explanation: Green responses become 20 out of 60, which simplifies to  $1/3$ .

#### LANGUAGE ANSWERS

HSPT-L4-031 — Correct: A — Correct Answer: Before sunrise, we packed the tents, folded the blankets, and swept the cabin. — Explanation: The introductory phrase and the three items in the series are correctly separated by commas.

HSPT-L4-032 — Correct: B — Correct Answer: "Please label every sample," Dr. Chen said. — Explanation: A comma belongs inside the closing quotation mark before the dialogue tag.

HSPT-L4-033 — Correct: C — Correct Answer: The trail was muddy; nevertheless, the group continued. — Explanation: A semicolon joins the independent clauses, and commas set off nevertheless.

HSPT-L4-034 — Correct: D — Correct Answer: Our class read "The Road Not Taken" in English class. — Explanation: Major words in the poem title and the language-course name English are capitalized.

HSPT-L4-035 — Correct: A — Correct Answer: The mayor spoke at Central Library on Memorial Day. — Explanation: The official place name and holiday are capitalized; the common title mayor is not.

HSPT-L4-036 — Correct: B — Correct Answer: privilege — Explanation: Privilege is spelled p-r-i-v-i-l-e-g-e.

HSPT-L4-037 — Correct: C — Correct Answer: The committee will recommend a new schedule. — Explanation: Recommend requires two c's and two m's.

HSPT-L4-038 — Correct: D — Correct Answer: Neither the lamp nor the clock belongs in this box. — Explanation: With neither...nor, the verb agrees with the nearer subject clock: belongs.

HSPT-L4-039 — Correct: A — Correct Answer: The internship required filing records, answering calls, and preparing reports. — Explanation: All three items use matching gerund phrases.

HSPT-L4-040 — Correct: B — Correct Answer: When the rain stopped, the players returned to the field. — Explanation: The dependent clause clearly shows time and is correctly joined to the main clause.

HSPT-L4-041 — Correct: C — Correct Answer: alter — Explanation: Alter is the verb meaning change.

HSPT-L4-042 — Correct: D — Correct Answer: Fewer cars meant less noise near the school. — Explanation: Fewer modifies countable cars; less modifies uncountable noise.

HSPT-L4-043 — Correct: A — Correct Answer: The treaty settled the dispute between the two towns. — Explanation: Between is standard when referring to two distinct parties.

HSPT-L4-044 — Correct: B — Correct Answer: Sentence 6 — Explanation: Sentence 6 gives an isolated weather detail that is not developed or connected to the survey.

HSPT-L4-045 — Correct: C — Correct Answer: Several had never before been recorded in that section of the park. — Explanation: The sentence develops the significance of documenting seventeen species.

Prompt:

When an integer is divided by 8, the quotient is 6 and the remainder is 5. What is the integer?

A) 43

B) 48

C) 61

D) 53

HSPT-Q4-046

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Number Manipulation

Stimulus ID: None

Prompt:

The ratio of blue tiles to white tiles is 5:3. If there are 64 tiles, how many are white?

A) 24

B) 21

C) 32

D) 40

HSPT-Q4-047

Section: Quantitative Skills

Type: mcq

Category: Quantitative Skills

Skill: Nongeometric Quantitative Comparison

Stimulus ID: None

Prompt:

$x$  is a negative number. Quantity A:  $x^3$ . Quantity B:  $x^2$ .

A) Quantity A is greater.

B) Quantity B is greater.

C) The two quantities are equal.

D) The relationship cannot be determined from the information given.

Skill: Geometric Quantitative Comparison

Stimulus ID: None

Prompt:

A cube has edge length 3. Quantity A: its volume. Quantity B: its total surface area.

- A) Quantity A is greater.
- B) Quantity B is greater.
- C) The two quantities are equal.
- D) The relationship cannot be determined from the information given.

### SECTION 3 - READING COMPREHENSION

STIMULUS START

Stimulus ID: HSPT-R4-S10

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: The Unmarked Trail

Text:

At the edge of the community garden, Amaya noticed a narrow strip of flattened grass leading behind the tool shed. The official paths were covered with wood chips, so she assumed the strip was a shortcut made by impatient visitors. She planned to ask the garden manager to block it.

The next morning, Amaya arrived early to water the seedlings. A rabbit emerged from the strip, paused beside the rain barrel, and disappeared beneath the fence. Soon a pair of sparrows hopped along the same route, gathering dry grass. Amaya crouched quietly and saw tiny tracks pressed into the soil.

Instead of placing a barrier there, she set two small stones beside the strip so gardeners would notice and avoid stepping on it. She also made a sign for the shed: “Wildlife crossing—please leave clear.”

By midsummer, taller plants partly hid the trail. Visitors sometimes asked where it led. Amaya would explain that it was not really theirs to follow. The garden, she had learned, contained paths made for purposes other than human convenience.

STIMULUS END

HSPT-R4-048

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S10

Prompt:

Why does Amaya initially want the strip blocked?

- A) She sees rabbits eating every seedling.
- B) She thinks visitors created an improper shortcut.
- C) The manager orders her to close it.
- D) The strip leads outside the garden.

HSPT-R4-049

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S10

Prompt:

Why does Amaya place stones beside the strip?

- A) To mark where a new shed will stand
- B) To prevent rainwater from reaching the plants
- C) To help people notice the route without obstructing animals

D) To guide visitors toward the fence

HSPT-R4-050

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R4-S10

Prompt:

What does the unmarked trail mainly symbolize?

- A) Amaya's wish to leave the garden
- B) The manager's poor planning
- C) A competition among gardeners
- D) The needs and activity that humans may overlook

HSPT-R4-051

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R4-S10

Prompt:

As used in the final paragraph, convenience most nearly means \_\_\_\_.

- A) ease or usefulness
- B) ownership
- C) curiosity
- D) safety

HSPT-R4-052

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R4-S10

Prompt:

Which theme is best supported by the story?

- A) Rules should never be changed.
- B) Careful observation can challenge a quick assumption.
- C) Wild animals cannot live near people.
- D) Gardens need more marked paths.

STIMULUS START

Stimulus ID: HSPT-R4-S11

Section: Reading Comprehension

Stimulus Type: Literary Passage

Title: One Measure Short

Text:

Eli had promised to bring enough lemonade for the neighborhood concert. His grandmother's recipe filled one large pitcher, but he needed three. He multiplied every amount carefully until he reached the honey: the jar held one cup less than his calculation required.

His first thought was to make only two pitchers and hope no one noticed. Then he tasted a spoonful of the tart lemon mixture. Adding less honey to all three pitchers would make the drink unpleasantly sour.

Eli searched the kitchen and found ripe peaches. He simmered them with the remaining honey, strained the syrup, and divided it among the pitchers. The result tasted different from his grandmother's lemonade—so different that Eli hesitated to serve it under her handwritten label. He crossed out "Grandma's Lemonade" and wrote "Peach-Lemon Trial" instead.

At the concert, the first pitcher emptied quickly. His grandmother took a cup from the second and studied it before smiling. "You changed the recipe," she said.

"I ran out of honey."

"No," she replied, lifting her cup. "You ran into an idea."

STIMULUS END

HSPT-R4-053

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S11

Prompt:

What shortage does Eli face?

- A) He has no lemons.
- B) He needs a fourth pitcher.
- C) He has one cup less honey than he needs.
- D) The peaches are unripe.

HSPT-R4-054

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S11

Prompt:

Why does Eli change the label?

- A) His grandmother forbids him to use her name.
- B) He expects the experiment to fail.
- C) The old label will not stick to the pitcher.
- D) He wants the name to honestly reflect his altered drink.

HSPT-R4-055

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R4-S11

Prompt:

How does the shortage affect the plot?

- A) It creates a problem that leads Eli to invent a new recipe.
- B) It causes the concert to be canceled.
- C) It proves the original recipe was incorrect.
- D) It makes Eli abandon the lemonade project.

HSPT-R4-056

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Literary Elements or Techniques

Stimulus ID: HSPT-R4-S11

Prompt:

What does the grandmother mean by “You ran into an idea”?

- A) Eli spilled the drink while running.
- B) The shortage unexpectedly inspired a creative solution.
- C) The recipe was hidden inside the jar.
- D) Eli should have followed the recipe exactly.

HSPT-R4-057

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R4-S11

Prompt:

Which statement best expresses a central idea of the story?

- A) Popular recipes require expensive ingredients.
- B) Promises should be avoided when supplies are low.
- C) Adapting honestly can turn a limitation into an opportunity.
- D) Family recipes must never be changed.

STIMULUS START

Stimulus ID: HSPT-R4-S12

Section: Reading Comprehension

Stimulus Type: Informational Passage

Title: How Seed Banks Protect Variety

Text:

Farmers and gardeners depend on plants that can thrive under particular conditions. Yet a crop variety may disappear when people stop growing it, when disease spreads, or when its

habitat changes. Seed banks help preserve plant diversity by storing seeds from many varieties and wild relatives of crops.

Workers first clean and dry collected seeds. Lower moisture slows the chemical activity that causes seeds to age. The seeds are sealed in labeled containers and kept cold. Records identify where and when each sample was collected and describe important traits.

Storage does not keep every seed alive forever. Staff periodically remove a small sample and test whether the seeds still sprout. If too few germinate, workers grow some remaining seeds under controlled conditions, collect fresh seeds, and return the new generation to storage.

Seed banks are not replacements for farms or natural habitats. Plants continue to evolve only when they grow and reproduce in changing environments. Instead, stored collections provide a backup. Researchers may use them to study plant traits, and breeders may find useful characteristics, such as resistance to a disease. By protecting many kinds of seeds, banks preserve options that future communities may need.

STIMULUS END

HSPT-R4-058

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Significant Details or Textual Evidence

Stimulus ID: HSPT-R4-S12

Prompt:

Why are seeds dried before cold storage?

- A) Dry seeds become larger.
- B) Moisture removes useful traits.
- C) Drying guarantees permanent survival.
- D) Reducing moisture slows the processes that age them.

HSPT-R4-059

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Vocabulary in Context

Stimulus ID: HSPT-R4-S12

Prompt:

As used in paragraph 3, germinate most nearly means \_\_\_\_\_.

- A) begin to grow
- B) become dry
- C) resist disease
- D) remain frozen

HSPT-R4-060

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Inference

Stimulus ID: HSPT-R4-S12

Prompt:

Why do seed-bank records include where a sample was collected?

- A) The location determines the container's color.
- B) The origin may help researchers understand its traits and conditions.
- C) Only farmers from that place may use it.
- D) Seeds must be returned yearly.

HSPT-R4-061

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Main Idea, Central Thought, or Author's Purpose

Stimulus ID: HSPT-R4-S12

Prompt:

What is the passage mainly about?

- A) Why all crops should be grown indoors
- B) How cold temperatures create new species
- C) How seed banks store, maintain, and make plant diversity available
- D) Why wild plants are replacing farm crops

HSPT-R4-062

Section: Reading Comprehension

Type: mcq

Category: Reading Comprehension

Skill: Organization, Tone, Summary, or Text Structure

Stimulus ID: HSPT-R4-S12

Prompt:

Why does the author mention that seed banks cannot replace habitats?

- A) To argue that storing seeds is pointless
- B) To show that farms prevent evolution
- C) To introduce instructions for building a habitat
- D) To clarify both the value and the limits of stored collections

Prompt:

Which option correctly spells the word meaning “an event or instance”?

- A) occurence
- B) occurrence
- C) ocurrence
- D) occurrence

HSPT-L4-049

Section: Language

Type: mcq

Category: Language

Skill: Capitalization

Stimulus ID: None

Prompt:

Which option correctly capitalizes a month, family title, name, and region?

- A) In july, aunt Rosa will visit the Pacific northwest.
- B) In July, Aunt Rosa will visit the Pacific Northwest.
- C) In July, Aunt rosa will visit the pacific Northwest.
- D) In july, Aunt Rosa will visit the Pacific Northwest.

HSPT-L4-050

Section: Language

Type: mcq

Category: Language

Skill: Capitalization

Stimulus ID: None

Prompt:

Select the sentence with correct capitalization.

- A) professor Malik teaches History at Westlake college.
- B) Professor Malik teaches History at westlake College.
- C) Professor Malik teaches history at Westlake College.
- D) Professor malik teaches history at Westlake College.

HSPT-L4-051

Section: Language

Type: mcq

Category: Language

Skill: Spelling

Stimulus ID: None

Prompt:

Which option correctly spells the word meaning “needed or required”?

- A) necessary
- B) neccessary
- C) necessery
- D) nesessary

HSPT-L4-052

Section: Language

Type: mcq

Category: Language

Skill: Spelling

Stimulus ID: None

Prompt:

Find the sentence in which the spelling error appears.

- A) Her explanation was reasonable.
- B) The equipment arrived separately.
- C) We admired the unusual architecture.
- D) The sudden noise caused a brief interuption.

HSPT-L4-053

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt:

Which sentence uses the pronoun correctly?

- A) The librarian gave Lena and I the forms.
- B) The librarian gave Lena and me the forms.
- C) The librarian gave she and me the forms.
- D) The librarian gave Lena and myself the forms.

HSPT-L4-054

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt:

Select the sentence whose opening modifier clearly describes its subject.

- A) Walking toward the station, the first train arrived.
- B) Covered in frost, Mia admired the window.
- C) Walking toward the station, I saw the first train arrive.
- D) After reading the book, the movie seemed confusing.

HSPT-L4-055

Section: Language

Type: mcq

Category: Language

Skill: Grammar

Stimulus ID: None

Prompt:

Which sentence correctly uses verb tense?

- A) By the time the bus arrived, we had waited for thirty minutes.
- B) By the time the bus arrived, we wait for thirty minutes.
- C) By the time the bus arrives, we had waited for thirty minutes yesterday.
- D) By the time the bus arrived, we have wait for thirty minutes.

HSPT-L4-056

- B) For example
- C) Nevertheless
- D) When

ANSWER KEY + EXPLANATIONS

VERBAL SKILLS ANSWERS

HSPT-V4-046 — Correct: B — Correct Answer: watchful — Explanation: Vigilant means alert and watchful for possible trouble.

HSPT-V4-047 — Correct: A — Correct Answer: fair — Explanation: Impartial describes someone who is fair and does not favor one side.

HSPT-V4-048 — Correct: C — Correct Answer: possible — Explanation: Feasible describes something that is possible and practical to accomplish.

HSPT-V4-049 — Correct: D — Correct Answer: permanent — Explanation: Temporary means lasting a limited time; permanent means lasting indefinitely.

HSPT-V4-050 — Correct: B — Correct Answer: bold — Explanation: Timid means fearful or lacking confidence; bold expresses its opposite.

HSPT-V4-051 — Correct: A — Correct Answer: assist — Explanation: To hinder is to obstruct progress; to assist is to help it.

HSPT-V4-052 — Correct: C — Correct Answer: meal — Explanation: A blueprint guides construction of a building; a recipe guides preparation of a meal.

HSPT-V4-053 — Correct: D — Correct Answer: insect — Explanation: Fish breathe through gills; many insects breathe through spiracles.

HSPT-V4-054 — Correct: B — Correct Answer: water — Explanation: Opaque material blocks light; impermeable material blocks water from passing through.

HSPT-V4-055 — Correct: C — Correct Answer: sonnet — Explanation: Novel, memoir, and biography are prose forms; a sonnet is a poetic form.

HSPT-V4-056 — Correct: D — Correct Answer: tin — Explanation: Copper, silver, iron, and tin are metals.

HSPT-V4-057 — Correct: A — Correct Answer: apiary and bees — Explanation: An aviary houses birds; an apiary houses colonies of bees.

HSPT-V4-058 — Correct: C — Correct Answer: No cedar box is stored in Room K. — Explanation: Because every cedar box is fragrant, the rule excludes every cedar box from Room K.

HSPT-V4-059 — Correct: D — Correct Answer: Oren — Explanation: The constraints force the unique order Mara, Oren, Pia, Niko.

HSPT-V4-060 — Correct: B — Correct Answer: 426 — Explanation: Only 426 has distinct allowed digits, a first digit twice the second, and a larger final digit.

#### QUANTITATIVE SKILLS ANSWERS

HSPT-Q4-040 — Correct: A — Correct Answer: 158 — Explanation: Each term is twice the previous term plus 2, so  $78 \times 2 + 2 = 158$ .

HSPT-Q4-041 — Correct: C — Correct Answer: 15 — Explanation: The operations alternate dividing by 2 and adding 4.

HSPT-Q4-042 — Correct: D — Correct Answer: 40 — Explanation: Two interwoven sequences double: 2, 4, 8, 16 and 5, 10, 20, 40.

HSPT-Q4-043 — Correct: A — Correct Answer: 52 — Explanation: Successive differences are 3, 6, 9, 12, then 15;  $37 + 15 = 52$ .

HSPT-Q4-044 — Correct: C — Correct Answer: 72 — Explanation: If  $1.25n = 90$ , then  $n = 90 \div 1.25 = 72$ .

HSPT-Q4-045 — Correct: D — Correct Answer: 53 — Explanation: The integer equals  $8 \times 6 + 5 = 53$ .

HSPT-Q4-046 — Correct: A — Correct Answer: 24 — Explanation: There are 8 ratio parts; each is 8 tiles, so white tiles total  $3 \times 8 = 24$ .

HSPT-Q4-047 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: A negative number cubed is negative, while its square is positive, so Quantity B is greater.

HSPT-Q4-048 — Correct: C — Correct Answer: The two quantities are equal. — Explanation: Since  $a = b + 9$ , Quantity A equals  $b + 13$ , the same as Quantity B.

HSPT-Q4-049 — Correct: D — Correct Answer: The relationship cannot be determined from the information given. — Explanation: Possible factor pairs give sums 25, 14, 11, or 10, so the relationship varies.

HSPT-Q4-050 — Correct: A — Correct Answer: Quantity A is greater. — Explanation: The area is 45, while the perimeter is  $2(9 + 5) = 28$ .

HSPT-Q4-051 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: The third angle is  $180 - 136 = 44^\circ$ , so Quantity B is greater.

HSPT-Q4-052 — Correct: B — Correct Answer: Quantity B is greater. — Explanation: The volume is 27 and the surface area is  $6 \times 9 = 54$ , so Quantity B is greater.

#### READING COMPREHENSION ANSWERS

HSPT-R4-048 — Correct: B — Correct Answer: She thinks visitors created an improper shortcut. — Explanation: The first paragraph says she assumes impatient visitors created the shortcut.

HSPT-R4-049 — Correct: C — Correct Answer: To help people notice the route without obstructing animals — Explanation: The stones make the crossing visible so people can avoid stepping on it.

HSPT-R4-050 — Correct: D — Correct Answer: The needs and activity that humans may overlook — Explanation: Discovering who uses the trail broadens Amaya's view beyond human convenience.

HSPT-R4-051 — Correct: A — Correct Answer: ease or usefulness — Explanation: Convenience refers to what makes movement easier or more useful for people.

HSPT-R4-052 — Correct: B — Correct Answer: Careful observation can challenge a quick assumption. — Explanation: Amaya observes wildlife and revises her original conclusion about the strip.

HSPT-R4-053 — Correct: C — Correct Answer: He has one cup less honey than he needs. — Explanation: The opening paragraph identifies a one-cup shortage of honey.

HSPT-R4-054 — Correct: D — Correct Answer: He wants the name to honestly reflect his altered drink. — Explanation: Because the result differs greatly from the original, he gives it an accurate new name.

HSPT-R4-055 — Correct: A — Correct Answer: It creates a problem that leads Eli to invent a new recipe. — Explanation: The missing honey drives Eli to use peaches and create a successful variation.

HSPT-R4-056 — Correct: B — Correct Answer: The shortage unexpectedly inspired a creative solution. — Explanation: Her wordplay reframes an obstacle as the source of Eli's invention.

HSPT-R4-057 — Correct: C — Correct Answer: Adapting honestly can turn a limitation into an opportunity. — Explanation: Eli acknowledges his change and successfully transforms a shortage into something new.

HSPT-R4-058 — Correct: D — Correct Answer: Reducing moisture slows the processes that age them. — Explanation: The second paragraph directly connects lower moisture with slower chemical activity and aging.

HSPT-R4-059 — Correct: A — Correct Answer: begin to grow — Explanation: The passage tests whether stored seeds still sprout, or begin growing.

HSPT-R4-060 — Correct: B — Correct Answer: The origin may help researchers understand its traits and conditions. — Explanation: Collection data gives useful context for studying and using a sample.

HSPT-R4-061 — Correct: C — Correct Answer: How seed banks store, maintain, and make plant diversity available — Explanation: The passage explains seed-bank procedures, limits, and value as a backup resource.

HSPT-R4-062 — Correct: D — Correct Answer: To clarify both the value and the limits of stored collections — Explanation: The distinction explains that storage provides backup while living populations continue adapting.

## MATHEMATICS ANSWERS

HSPT-M4-049 — Correct: B — Correct Answer: 90 — Explanation: The prime factors needed are  $2 \times 3^2 \times 5 = 90$ .

HSPT-M4-050 — Correct: A — Correct Answer:  $\frac{3}{8}$  — Explanation:  $0.375 = \frac{375}{1000}$ , which simplifies to  $\frac{3}{8}$ .

HSPT-M4-051 — Correct: D — Correct Answer: 31 — Explanation: Evaluate exponents first:  $8 \times 5 - 9 = 31$ .

HSPT-M4-052 — Correct: C — Correct Answer: 130 — Explanation: Because  $121 < 130 < 144$ , its square root lies between 11 and 12.

HSPT-M4-053 — Correct: C — Correct Answer: 11 — Explanation: Subtract  $3x$  and 7 to get  $2x = 22$ , so  $x = 11$ .

HSPT-M4-054 — Correct: B — Correct Answer: 4 — Explanation: Substitute  $y = x - 1$  into  $y = 2x - 5$ :  $x - 1 = 2x - 5$ , so  $x = 4$ .

HSPT-M4-055 — Correct: A — Correct Answer:  $10a - 15$  — Explanation: Distribute and combine like terms:  $6a - 15 + 4a = 10a - 15$ .

HSPT-M4-056 — Correct: D — Correct Answer: 17 — Explanation: The consecutive factors are 8 and 9, whose sum is 17.

HSPT-M4-057 — Correct: A — Correct Answer:  $143^\circ$  — Explanation: Each obtuse angle is supplementary to  $37^\circ$ , so it measures  $180^\circ - 37^\circ = 143^\circ$ .

HSPT-M4-058 — Correct: B — Correct Answer: 15 units — Explanation: The Pythagorean theorem gives  $\sqrt{(9^2 + 12^2)} = \sqrt{225} = 15$ .

HSPT-M4-059 — Correct: C — Correct Answer:  $63\pi$  cubic units — Explanation: Volume is  $\pi r^2 h = \pi(3^2)(7) = 63\pi$ .

HSPT-M4-060 — Correct: D — Correct Answer: 63 miles — Explanation: Multiply 3.5 inches by 18 miles per inch to get 63 miles.

HSPT-M4-061 — Correct: A — Correct Answer: 10.85 liters — Explanation: 3,750 milliliters equals 3.75 liters, and  $14.6 - 3.75 = 10.85$ .

HSPT-M4-062 — Correct: B — Correct Answer: 25 — Explanation: A mean of 20 requires a total of 80; the known numbers total 55, so  $x = 25$ .

HSPT-M4-063 — Correct: C — Correct Answer:  $\frac{3}{4}$  — Explanation: Nine of 12 counters are not purple, so the probability is  $\frac{9}{12} = \frac{3}{4}$ .

HSPT-M4-064 — Correct: D — Correct Answer: mean — Explanation: Adding a value above the old mean raises the mean; the median, mode, and minimum remain unchanged.

## LANGUAGE ANSWERS

HSPT-L4-046 — Correct: C — Correct Answer: After the rehearsal ended, Maya returned her costume, thanked the director, and called her father. — Explanation: A comma follows the introductory clause, and commas correctly separate the series.

HSPT-L4-047 — Correct: A — Correct Answer: The two coaches' offices are beside the gym. — Explanation: The plural possessive coaches' shows that the offices belong to two coaches.

HSPT-L4-048 — Correct: D — Correct Answer: occurrence — Explanation: Occurrence is spelled with double c and double r.

HSPT-L4-049 — Correct: B — Correct Answer: In July, Aunt Rosa will visit the Pacific Northwest. — Explanation: The month, family title used as a name, personal name, and region are capitalized.

HSPT-L4-050 — Correct: C — Correct Answer: Professor Malik teaches history at Westlake College. — Explanation: The title before a name and the official college name are capitalized; history is not.

HSPT-L4-051 — Correct: A — Correct Answer: necessary — Explanation: Necessary is spelled n-e-c-e-s-s-a-r-y.

HSPT-L4-052 — Correct: D — Correct Answer: The sudden noise caused a brief interruption. — Explanation: Interruption requires a double r: interruption.

HSPT-L4-053 — Correct: B — Correct Answer: The librarian gave Lena and me the forms. — Explanation: Me is the correct object pronoun after the verb gave.

HSPT-L4-054 — Correct: C — Correct Answer: Walking toward the station, I saw the first train arrive. — Explanation: The introductory modifier logically describes the subject I.

HSPT-L4-055 — Correct: A — Correct Answer: By the time the bus arrived, we had waited for thirty minutes. — Explanation: Past perfect had waited correctly identifies the action preceding the bus's arrival.

HSPT-L4-056 — Correct: D — Correct Answer: emphasize — Explanation: Emphasize means to give special importance or attention to something.

HSPT-L4-057 — Correct: B — Correct Answer: Whom did the committee select as its representative? — Explanation: Whom is correct because it serves as the object of select.

HSPT-L4-058 — Correct: C — Correct Answer: The clues imply a delay, and readers may infer its cause. — Explanation: A source implies, while a listener or reader infers from evidence.

HSPT-L4-059 — Correct: A — Correct Answer: Sentence 4 — Explanation: Sentence 4 gives an undeveloped personal preference unrelated to the mapping process.

HSPT-L4-060 — Correct: D — Correct Answer: When — Explanation: When correctly introduces the time at which the mismatched measurements became apparent.
